Fresh Apricot and Blueberry Muffins

Be the f[illegible] to write a review

By D[illegible] Easy - About.com Guide

Feel free to add 1/2 cup of chopped nuts to these tasty muffins or bake with a sprinkling of cinnamon sugar on their tops

Ingredients:

- 4 fresh apricots peeled pitted and diced about 1 cup
- 1 cup fresh blueberries
- 1 teaspoon lemon juice
- 1 1/2 cups all-purpose flour
- 1/2 cup granulated sugar
- 2 teaspoons baking powder
- 1/2 teaspoon baking soda
- 1/4 teaspoon salt
- 1 teaspoon ground cinnamon
- dash ground nutmeg
- 6 tablespoons butter melted
- 1/2 cup milk
- 1 large egg

Preparation:

Toss chopped apricots and blueberries with lemon juice. Set aside. Grease and flour 12 muffin cups or line with paper liners.

Combine flour, sugar, baking powder, soda, salt, cinnamon and nutmeg in a large bowl.

In another bowl, whisk together butter, milk, and egg. Stir milk mixture into the dry ingredients and blend just until moistened. Fold in the fruit mixture. Spoon batter into muffin cups.

Bake at a preheated 375° for 20 to 25 minutes, or until a wooden pick inserted in center comes out clean. Cool for about 5 minutes in pan then remove to cool completely. Makes 12 muffins.

1914 translation by H. Rackham

"But I must explain to you how all this mistaken idea of denouncing pleasure and praising pain was born and I will give you a complete account of the system, and expound the actual teachings of the great explorer of the truth, the master-builder of human happiness. No one rejects, dislikes, or avoids pleasure itself, because it is pleasure, but because those who do not know how to pursue pleasure rationally encounter consequences that are extremely painful. Nor again is there anyone who loves or pursues or desires to obtain pain of itself, because it is pain, but because occasionally circumstances occur in which toil and pain can procure him some great pleasure. To take a trivial example, which of us ever undertakes laborious physical exercise, except to obtain some advantage from it? But who has any right to find fault with a man who chooses to enjoy a pleasure that has no annoying consequences, or one who avoids a pain that produces no resultant pleasure?"

Section 1.10.33 of "de Finibus Bonorum et Malorum", written by Cicero in 45 BC

"At vero eos et accusamus et iusto odio dignissimos ducimus qui blanditiis praesentium voluptatum deleniti atque corrupti quos dolores et quas molestias excepturi sint occaecati cupiditate non provident, similique sunt in culpa qui officia deserunt mollitia animi, id est laborum et dolorum fuga. Et harum quidem rerum facilis est et expedita distinctio. Nam libero tempore, cum soluta nobis est eligendi optio cumque nihil impedit quo minus id quod maxime placeat facere possimus, omnis voluptas assumenda est, omnis dolor repellendus. Temporibus autem quibusdam et aut officiis debitis aut rerum necessitatibus saepe eveniet ut et voluptates repudiandae sint et molestiae non recusandae. Itaque earum rerum hic tenetur a sapiente delectus, ut aut reiciendis voluptatibus maiores alias consequatur aut perferendis doloribus asperiores repellat."

1914 translation by H. Rackham

"On the other hand, we denounce with righteous indignation and dislike men who are so beguiled and demoralized by the charms of pleasure of the moment, so blinded by desire, that they cannot foresee the pain and trouble that are bound to ensue; and equal blame belongs to those who fail in their duty through weakness of will, which is the same as saying through shrinking from toil and pain. These cases are perfectly simple and easy to distinguish. In a free hour, when our power of choice is untrammelled and when nothing prevents our being able to do what we like best, every pleasure is to be welcomed and every pain avoided. But in certain circumstances and owing to the claims of duty or the obligations of business it will frequently occur that pleasures have to be repudiated and annoyances accepted. The wise man therefore always holds in these matters to this principle of selection: he rejects pleasures to secure other greater pleasures, or else he endures pains to avoid worse pains."

Chris

Prayer to St. Joseph over 1900 years old

O St. Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place in you all my interests and desires. O St. Joseph do assist me by your powerful intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ, Our Lord, so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers. O St. Joseph, I never weary contemplating you and Jesus asleep in your arms. I dare not approach while He reposes near your heart. Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500's it was sent by the Pope to Emperor Charles when he was going into battle.

Whoever reads this prayer or hears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them. They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere.

Dear Mirabella Residents,

We are very excited to be offering a special for all Mirabella Residents.

In appreciation of our wonderful experience working with Mirabella Residents we are offering a seller-rebate for any listing you place with us through the end of November and a buyer-rebate for any new home purchase you make with us upon signing a buyer-broker contract through the end of November

We understand there are many firms and businesses ready to help in the home buying and selling process, and in light of this we are grateful for the opportunities we have received to help and assist homebuyers and homesellers in the Mirabella community.

We would like to offer our thanks by offering these rebates which can result in savings of thousands of dollars.

We strive to continue the service and value that has made us a success with Mirabella Residents.

Thank you

The unanimous Declaration of the thirteen united States of America

When in the Course of human events, it becomes necessary for one people to dissolve the political bands which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature & of Nature's God entitle them, a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

How to make chutney

Ingredients

1kg/2lb 4oz Bramley apples
500g/1lb 2oz onions
2 garlic cloves
5cm/2in piece fresh root ginger
100g/3½oz sultanas (or other dried fruit such as dates and raisins)
pinch dried chilli flakes
500ml/18fl oz distilled malt vinegar
250g/9oz light muscovado sugar
1¼ tsp salt

Method

1. Peel, core, then roughly chop the apples. Roughly chop the onions, finely chop the garlic and peel and finely chop the ginger.

2. Place the apple, onion, garlic, ginger, chilli flakes and fruit into a large, wide saucepan. Stir in the vinegar, sugar and salt. Stir the mixture over a medium heat until all the sugar has dissolved.

3. Once the sugar has dissolved, bring to the boil, then reduce the heat slightly and simmer the chutney for around one hour, stirring every so often. As it thickens, stir more frequently and watch that the sugar does not begin to stick to the bottom of the pan. The chutney is done when you can scrape a wooden spoon across the bottom of the pan and the chutney does not flow back into the gap.

4. Meanwhile, to clean the jam jars, preheat the oven to 140C/275F/Gas 1. Wash the jars well in warm soapy water then rinse thoroughly under running water. Leave the jars and lids to dry, upside down, in the oven. (Or you can clean the jars by putting them through the hot cycle of a dishwasher.)

5. Carefully spoon the chutney into the sterilised jars and seal while hot. Store in a cool, dark place for about a month before eating, to let the flavours mellow.

Chutney is great make ahead gift for Christmas – you can substitute marrows, pumpkin, green tomatoes or other fruit for some or all of the apples and the results will be just as good.

Equipment and preparation: You will need eight 330ml/12fl oz jars.

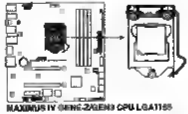
2.2.3 Central Processing Unit (CPU)

The motherboard comes with a surface mount LGA1155 socket designed for the Intel® 2nd Generation Core™ i7 / Core™ i5 / Core™ i3 / Pentium / Celeron Processors.



MAXIMUS IV GENE-Z/GEN3 CPU LGA1155

Ensure that all power cables are unplugged before installing the CPU.

- The LGA1156 CPU is incompatible with the LGA1155 socket. DO NOT install a LGA1156 CPU on the LGA1155 socket.
- Upon purchase of the motherboard, ensure that the PnP cap is on the socket and the socket contacts are not bent. Contact your retailer immediately if the PnP cap is missing, or if you see any damage to the PnP cap/socket contacts/motherboard components. ASUS will shoulder the cost of repair only if the damage is shipment/transit-related.
- Keep the cap after installing the motherboard. ASUS will process Return Merchandise Authorization (RMA) requests only if the motherboard comes with the cap on the LGA1155 socket.
- The product warranty does not cover damage to the socket contacts resulting from incorrect CPU installation/removal, or misplacement/loss/ incorrect removal of the PnP cap.

Results

BRAF Mutations NOT DETECTED

Plasma Volume Used: 4 ml

Method: Target Selector™ by Biocept

Positive and negative controls were run and reacted in an appropriate manner.
The BRAF Mutation assay is a quantitative Real-Time PCR based mutant enrichment assay with Mutation blocking of BRAF wild-type amplification. The amplification products are purified and subject to sequencing to confirm the presence of the BRAF mutation. The assay has a sensitivity of 0.08% mutant population.

Hello

1. Define a user name and password to allow privileged level 15 switch access for a remote user (HTTP and HTTPS).

In the example, the user name Bell, the password is Dell1234, and the privilege level is 15. Privilege levels range from 1 15, with 15 being the highest level. Level 15 access is the only level of access for the Web interface.

```
console#config
console(config)#username Bell password Dell1234 level 15
console(config)#ip http authentication local
console(config)#ip https authentication local
console(config)#crypto certificate generate key_generate
Generating RSA private key, 1024 bit long modulus
console(config)#ip https server
```

2. Define a user name and password to allow access for a local user—console, Telnet, or Web Server, for example. The enable password for console, telnet, and SSH is tommy123, bobby123, and jason123 respectively.

In this example, the user name is Bell, the password is Dell1234, and the privilege level is 15.

```
console(config)#username Bell password Dell1234 level 15
console(config)#aaa authentication login default local
console(config)#aaa authentication enable default line
console(config)#line console
console(config-line)#login authentication default
console(config-line)#enable authentication default
console(config-line)#password tommy123
console(config-line)#exit
console(config)#line telnet
console(config-line)#login authentication default
console(config-line)#enable authentication default
```

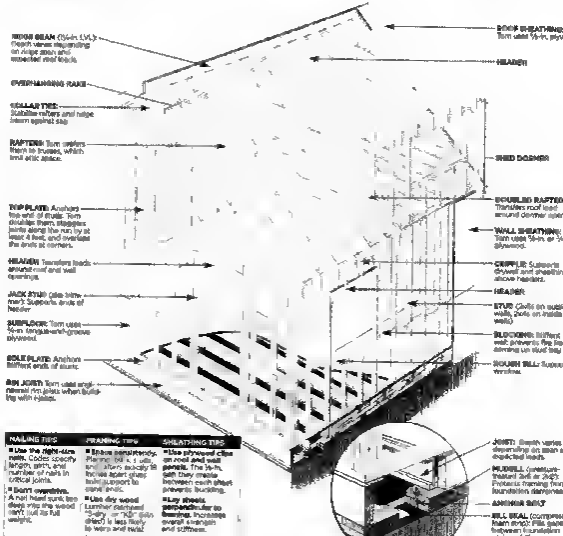
Building It Right

House frames can be made out of thick posts and beams (the oldest framing method) or extra-long studs (the balloon frames of the Victorian era). But Tom Silva typically frames in one-story "platforms" consisting of 8- or 9-foot-high stud walls resting on a plywood-sheathed subfloor. Each story is framed atop the previous one, until it's time to put on the roof.



RIDGE BEAM: (Not in LVL) Notch varies depending on ridge size and material and roof pitch.
OVERHANGING RAKE
CEILING TIES: Stabilize rafters and resist beam against sag.
RAFTERS: Turn rafters them in trusses, which limit attic space.
TOP PLATE: Anchors top end of studs. Tom doubles them, staggers joints along the run by at least 4 feet, and overlaps the ends at corners.
HEADER: Transfers loads around roof and wall openings.
JACK STUD: Ups beam nger's. Supports ends of header.
SUBFLOOR: Tom uses ¾-in. tongue-and-groove plywood.
SOLE PLATE: Anchors bottom ends of studs.
RIM JOIST: Tom uses engineered rim joists when building with I-joists.
ROOF SHEATHING: Tom uses ½-in. plywood.
HEADER
SHED DORMER
DOUBLING RAFTER: Thickens roof load around dormer opening.
WALL SHEATHING: Tom uses ½-in. or ¾-in. plywood.
CRIPPLE: Supports plywood and sheathing above header.
HEADER
STUD: Walls on outside walls, joists on inside walls)
SUBFLOOR: Stiffens wall; prevents flex from showing on floor top
ROUGH SILL: Supports window.
JOIST: Spans varies depending on span and supported loads.
SILL: (pressure-treated 2x6 or 2x8): Protects framing from foundation dampness.
ANCHOR BOLT
SILL SEAL: Compressible foam strip: Fills gaps between foundation and mudsill.

NAILING TIPS	FRAMING TIPS	SHEATHING TIPS
■ **Use the right-size nails.** Codes specify length, girth, and number of nails in critical joints.	■ **Brace consistently.** Framing that's out of plumb, square, or level is less apt to carry loads properly to stable ends.	■ **Use plywood clips on roof and wall panels.** The ¼-in. gaps they create between each sheet prevent buckling.
■ **Don't overdrive.** A nail head sunk too deep into the wood can't hold its full weight.	■ **Use dry wood.** Lumber delivered "dry" or "KD" (kiln dried) is less likely to warp and twist.	■ **Lay down panels perpendicular to framing.** Increases overall strength and stiffness.
	■ **Keep wood dry.** Stack stacks off the ground and cover them with tarps.	■ **Glue and fasten.** Adhesives can improve joint strength by a third.

POOPED!

Condolences Not Wanted

My older brother died in September 2015. He was only 64. While I was wracked with grief, I was also shaking in fear. Why? Because what killed my brother can easily kill me. We both have inherited weak hearts and a degenerative kidney disease. Besides my brother, the disease has murdered my grandmother, mother and uncle.

I am an artist, teacher, husband and father. My son, who has probably inherited this same disease, is only in his early 20s. I'd like to see him get married and with God's blessing, give me some grandchildren.

Currently I am on dialysis, but it is only a short-term solution. My best bet for survival is to get a kidney transplant. This is something my cancer survivor wife cannot do. Nor can family members who are at high risk for the same disease. This is why I am asking the larger community for help. My chances for survival diminish each day that I go without a transplanted kidney.

Believe me, I am not making that appeal lightly and know it is a major life-altering decision to make. However, according to the experts, most of us only need one kidney. Donating a kidney is a relatively painless and safe thing to do. The cost will be covered by my insurance. Should it ever arise that a donor's remaining kidney fails, all kidney donor lists will give such a donor top priority so that they will get an organ right away.

Blood compatibility is not necessary now because of programs that can swap kidneys from incompatible donors with recipients who are.

If you would like to explore the possibilities of helping me, you can do so in an anonymous manner in three different ways. There is no obligation to donate a kidney if you make a query.

You can contact RENEWAL at 718-431-9631 or email R1012@ renewal.org. Renewal is an organization that educates, advises, and supports people who want to donate kidneys.

Another option would be to contact the Weill Cornell Medical Center where I am enrolled in the transplant program. Their number is (212) 746-3322.

A friend also has agreed to answer questions at kidneyforpeter@gmail.com.

MagicJack offers a few options for connecting a traditional telephone and fax machine to your computer. You can simply plug the fax machine into the MagicJack device and use it as a standard telephone. However, you may wonder if you can still send faxes over the Internet using MagicJack. While previous versions of MagicJack failed to support the connection of a fax machine, the current MagicJack Plus does support fax connectivity.

Step 1

Install your MagicJack. Turn off your computer if already turned on. Connect MagicJack to your computer's USB port. Connect one end of a telephone cord to the MagicJack and the other end to a telephone. Alternatively, connect a cable or a land-line cord to the Fax/Line jack on the back of your computer. Plug in and activate your MagicJack.

Step 2

Disconnect the telephone from your MagicJack and connect your fax machine.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Purpose

The trustees of each qualified revocable trust (QRT) and the executor of the related estate, if any, use Form 8855 to make a nonelecting 645 election. This election allows a QRT to be treated and taxed (for income tax purposes) as part of the related estate during the election period. Once the election is made it cannot be revoked.

Definitions

A *QRT* is any trust (or part of a trust) that, on the day the decedent died, was treated as owned by the decedent under section 676 by reason of a power to revoke that was exercisable by the decedent (determined without regard to section 672(e))

For this purpose, a QRT includes a trust that was treated as owned by the decedent under section 676 by reason of a power to revoke that was exercisable solely by a nonadverse party or the decedent's spouse (not by the decedent).

An electing trust is a QRT for which a valid section 645 election has been made. Once the QRT makes the election, it is treated as an electing trust throughout the entire election period.

An executor is an executor, personal representative, or administrator that has obtained letters of administration to administer the decedent's estate through formal or informal appointment procedures. For purposes of this election, an executor does not include a person that has result, or is reasonably anticipated to result, in ownership or possession of property of the decedent passing to persons appointed or qualified as an executor, administrator or personal representative. If more than one jurisdiction has appointed an executor, then, for purposes of this election, only the person from the primary or domiciliary proceeding is the executor.

A related person is the spouse of the decedent who was living on the date of the QRT on the date of the decedent's death.

A filing trustee is the trustee of an electing trust who, when there is no executor or has been appointed by the trustees of each of the other electing trusts to file the Form 1041 (or 1040-NR, if applicable) due for the calendar year electing trust(s) for each tax year during the election period and has agreed to accept that responsibility. If there is an executor and there is only one QRT making the section 645 election, the trustee of that electing trust is the filing trustee.

A filing trust is an electing trust whose trustee was appointed as the filing trustee by all electing trust(s) if there is no executor. If there is an executor and only one QRT is making the election, that QRT is the filing trust.

Election Period

The election period is the period of time during which an electing trust is treated and taxed as part of its related estate.

The election period begins on the date of the decedent's death and terminates on the earlier of:

- The day on which each electing trust and the related estate, if any, have distributed all of their assets or
- The day before the applicable date.

Applicable date. To determine the applicable date, you must first determine whether a Form 706, United States Estate (and Generation-Skipping Transfer) Tax Return, is required to be filed as a result of the decedent's death.

If a Form 706 is required?	THEN the applicable date is...
Yes	The later of • 2 years after the date of the decedent's death or • 6 months after the final determination of liability for estate tax.
No	2 years after the date of the decedent's death.

Final determination of liability. For purposes of this election only, the date of final determination of liability for the estate tax is the earliest of:

- 6 months after the IRS issues an estate tax closing letter (unless a claim for refund of estate tax is made within 12 months after the letter is issued),
- The final disposition of a claim for refund that resolves the liability for the estate tax (unless suit is instituted within 6 months after a final disposition of the claim),
- The execution of a settlement agreement with the IRS that determines the liability for the estate tax,
- The issuance of a decision, judgment, decree or other order by a court of competent jurisdiction resolving the liability for the estate tax (unless a notice of appeal or a petition for certiorari is timely within 90 days after the issuance of a decision judgment, decree or other order of a court), or
- The expiration of the period of limitations for the estate tax.

When To File

File the election by the due date (including extensions, if any) of the Form 1041 (or Form 1040-NR, if applicable) for the first tax year of the related estate (or the filing trust). The applies even if the combined related estate and electing trust(s) do not have sufficient income to be required to file Form 1041.

In general, the due date for the first income tax return is the 15th day of the 4th month after the close of the first tax year of the related estate. For exceptions, see Regulations section 1.6072-1(c). For the purpose of determining the tax year if there is no executor, treat the filing trust as an owner. If the estate is granted an extension of time to file an income tax return for its first tax year, the due date of the Form 8855 is the extended due date.

For instructions on when to file an amended election, see *Amended Election Needed When an Executor is Appointed After a Valid Election is Made* on page 4.

Where To File

If you are located in	THEN send the election to the
Connecticut, Delaware, District of Columbia, Georgia, Illinois, Kentucky, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, North Carolina, Ohio, Pennsylvania, Rhode Island, Tennessee, Vermont, Virginia, West Virginia, Wisconsin	Department of the Treasury Internal Revenue Service Center Cincinnati, OH 45999
Alabama, Alaska, Arizona, Arkansas, California, Colorado, Florida, Hawaii, Idaho, Iowa, Kansas, Louisiana, Minnesota, Mississippi, Missouri, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Carolina, Texas, Utah, Washington, Wyoming	Department of the Treasury Internal Revenue Service Center Ogden, UT 84201
A foreign country or a U.S. possession	

Who Must Sign

If there is more than one executor for a related estate or more than one trustee for an electing trust, only one executor or trustee must sign Form 8855 on behalf of the entity unless otherwise required by applicable local law or the governing document.

PROJECT DESCRIPTION

Project name: **Medical Supplies Collection Drive**

Describe the project you plan to do:

My plan for my Eagle Scout Leadership Service Project is to collect medical supplies to give to areas around the world that are in need of medical aid. The collecting will be done by going door-to-door in neighborhoods passing out flyers and plastic bags to houses and then collecting supplies one week later, getting a collection box placed at an LDS church building in the area, and also having donation booths outside of Giant aho Wal-Mart where customers will be asked to buy products in the store and donate them to us. After all the collecting and sorting and packing of the supplies are finished, they will all be donated to the charity organization CrossLink International, who will then take care of shipping the supplies out to areas in need. CrossLink has helped over six million people in 120 countries who are in need of medical aid. As a few examples, they also helped with disaster relief for the 2004 Tsunami and Hurricane Katrina victims.

Welcome to Windows Fax and Scan

New ways to send and receive documents

FAXES. You can send and receive faxes using your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To set up a fax

Connect a phone line to your computer

If you have more than one modem, make sure that the modem you want to use for faxing is connected to a phone line.

On the taskbar, click Start, Fax

Follow the instructions in the wizard to enter the information that's required to set up a fax account. For example, you'll need to enter your name and fax

SCANNERS. If you have a scanner or camera, connect your scanner or camera to your computer and turn it on. Then you can scan photos and documents directly into Windows Fax and Scan.

SCANS. After you send or receive faxes, you can archive them in the Inbox folder. You can also create your own folders, and then modify your scan settings for better results. You can also fax or e-mail scanned files or save them to other locations.

To use scanner

Connect your scanner to your computer by following the instructions that came with your scanner, and then turn it on. If you have more than one scanner or camera, make sure that the one you want to use is turned on and connected to your computer.

In Windows Fax and Scan, in the toolbar, click New Scan.

On the taskbar, click Start, Scan.

Choose the scanner you want to use, and then follow the instructions in the wizard.

You can also scan directly from many programs, such as Microsoft Office Word 2007. To scan a picture into a document, click the location in the document where you want to insert the picture, and then follow the instructions for your program.

SCHOOL This is the school in which your student is enrolled

SEMESTER The 180-day school year is divided into two semesters. The first semester ends in January; the contract ends the school year. Some subjects or courses last one semester and may be taken for a semester. Other subjects, or courses last two semesters or the full school year.

GRADE PERIOD The school year is divided into four grade report periods. Each grade report period consists of forty-five days.

YEAR—This is the current academic year

GRADE This is the student's current assigned grade.

Middle School YTD GPA. Current school year grade point average to date.

Middle School Cumulative GPA. Comprehensive grade point average of all courses taken in middle school and posted to permanent record.

Middle School students each maintain a 2.0 GPA to be promoted.

Location on Report: Bottom

GRADING KEY This key defines each grade and gives the numerical range (0-100) for each letter grade.

COMMENT KEY This key defines the comment coded by number for each course or subject. Any of these comments may be refined for the parents or guardian to contact the school guidance office.

Location on Report: Middle

EXAM EOC is administered at the end of a course.

Location on Report: Middle

PERIOD (P) The class period each day the student is assigned to the subject or course is identified in the column.

SUBJECT The subject or course name

TEACHER The name of the teacher is identified for the course or subject.

GRADING PERIOD The numbered columns provide space for reporting grades for each nine weeks. The two columns labeled "Sem" report the semester average

ABSENCES (E, U) These two columns identify the number of absences (excused or unexcused) for the refined grading period (nine weeks) by subject.

TARDIES (E, U)—Identifies the number of tardies (excused or unexcused) for the current grading period by subject.

COMMENTS These are coded comments (see codes at bottom of front side) for teachers to use in providing additional information about the student's performance in class.

Location on Report: Top Right

SUBJECT AREA REQUIREMENTS This displays subjects/credits required for promotion from 6th grade to 9th grade per A++ State of Florida legislation. This displays how many credits your student has earned (to date) in each subject, how many are required for promotion and how many are currently in-progress.

Location on Report: Middle Right

SPEC FIC REQUIREMENTS This displays the courses your student has successfully completed to meet the requirements of Civics and Career Planning. The star indicates by a "Y" if your student has completed the 4 Year Plan requirement.

Location on Report: Middle

FINAL The final grade as posted on the Permanent Record

**** NOTICE REGARDING THIS STUDENT'S GRADE POINT AVERAGE ****

The School Board of Polk County rules as Middle School referrals to maintain a GPA of 2.0. Retention in grade 6 will occur if Student's cumulative GPA is below 2.0. Retained students must receive remediation or be retained with an intensive program that is different from the previous year's program and that takes into account a student's learning style. A student may not be assigned to a grade level based solely on the student's age or other factors that constitute social promotion.

Your student's local school provides assistance in achieving the minimum 2.0 grade point average through counseling on our district's grade forgiveness policy and teacher help sessions before or after school.

If you desire additional help for your student from any of the noted services, please contact your school's guidance office or principal.

WELLS FARGO

Notice of Withholding on Retirement Distributions

As a general rule, distributions you receive from your Wells Fargo IRA are subject to federal income tax withholding; however, in most cases you may elect not to have federal income tax withheld. If you are currently receiving distributions from your IRA, you may change any withholding election you have previously made. This means that if federal income taxes are currently being withheld from your IRA distributions, and you now prefer to elect out of federal withholding, you may do so. Also, if federal income taxes are currently not being withheld from your distribution, you may change your election so that taxes will be withheld from future distributions. **No action is required on your part if you want your existing withholding election to remain unchanged.**

To make a change to your federal withholding election, contact your Wells Fargo Bank for an election form. The new election must be made in writing and will be effective no later than 30 days after your Wells Fargo Bank receives the new election form.

In making a federal income tax withholding election, you should note that if you elect not to have tax withheld from your distributions, or if the tax that is withheld does not cover your actual tax liability, you may need to make estimated tax payments to avoid certain underpayment of tax penalties. You should consult your own tax advisor for specific information regarding these rules.

Note to Iowa residents: If you are an Iowa resident receiving a distribution, Iowa Laws may require Wells Fargo to withhold 5% of your distribution. Contact your Wells Fargo Banker or 1-800-BEST IRA (1-800-237-8472) for details.

Note to Montana residents: You must pay Montana state income tax on the taxable portion of your IRA distribution. You may elect to have Wells Fargo withhold Montana state tax from your distribution.

ADDITIONAL RESULTS APPLICABLE IF BCI ORDERED AT TIME OF DIAGNOSIS

BCI Prognostic - Node Positive (1-3)

9.2% Risk of Overall Recurrence (years 0-10)

HIGH RISK CATEGORY

9 2% RISK[1] (95° CI 5 7% 12 6%)
OF D STANT RECURRENCE FOR ER+ LYMPH NODE POSITIVE PATIENTS FROM YEARS 0-1[1]

1 Risk of Recurrence (ROR) is based on 5 years of BCI Prognostic or molecular variable or cohort of patients with positive nodes and no known risk of distant recurrence have been treated with adjuvant chemotherapy and 5 years of adjuvant endocrine therapy. See below for additional details.

BCI Predictive

LOW Likelihood of Benefit

LOW LIKELIHOOD OF BENEFIT
FROM EXTENDED ENDOCRINE THERAPY[2]

BCI Predictive was created and/or first included both N and N+ breast cancer patients. However, the study used and validated by Bioth enostics is intended to assess LN benefit in ER+ only patients.

Test Description and Clinical Evidence
BCI provides two outputs based on a 12 gene expression (quantitative RT PCR) signature: BCI Prognostic, and BCI Predictive.

BCI Predictive provides a prediction of likelihood o benefit from extended (>5 years) endocrine therapy (EET).[2] Patient results for this test are reported as either High Likelihood or Low Likelihood of Benefit. BCI Predictive is based on the HOPE 3J 17-gene signature was developed in the NCIC CTG MA.17 trial.[2,3]

BCI Prognostic for LN+ (1-3 positive nodes) provides an individualized estimate for a patient's risk for distant recurrence in the late (5-10 years) following surgery. Prognostic for LN+ patients (1-3 pos ive nodes) is based on the signature combined with the IHC4 score. The test was developed and validated in a multicenter, retrospective study of patients with 1-3 positive nodes who were treated with tamoxifen endocrine and chemotherapy.[1]

Intended Use & Limitations
The Breast Cancer Index (BCI) Risk of Recurrence & Extended Endocrine Benefit Test is intended for use in patients diagnosed with estrogen receptor-positive (ER+), lymph node-negative (LN-) or lymph node positive (LN+, with 1-3 positive nodes) early-stage, invasive breast cancer, who are at distant recurrence. The BCI prognostic (1) quantifies the assessment of the likelihood of late (post-5 years) and overall (5-10 year) distant recurrence following an initial 5 years of endocrine therapy (LN- patients) or 5 years of endocrine therapy plus adjuvant chemotherapy (LN+ patients), and (2) predictive of likelihood of benefit from extension (5+ year) endocrine therapy. BCI results are adjunctive of the treating physician's workup. Treatment decisions made in relation with all other clinical findings. This test was developed and its performance characteristics determined by Bioth erapeutics, Inc. It has not been cleared or approved by the U.S. Food and Drug Administration. The test is used for clinical purposes. It should not be regarded as investigational or for research. How this information is used to guide patient care is the responsibility of the physician. Bioth erapeutics is certified under the Clinical Laboratory Improvement Amendments of 1988 to perform high complexity clinical laboratory testing.

Transmitting while Checking Connection to Destination (Immediate Transmission)

Using immediate transmission, you can send documents while checking the connection to the destination.

You can specify up to 10 destinations.

For frequently transmitted faxes, you can register destinations, and group multiple destinations, for convenient use. For details, see "Registering Destinations in Address Book" in Chapter 4.

Important

Make sure you do not touch the machine's control panel or the original during transmission. Doing so may cause the machine to malfunction.

1. Press the [Home] key on the upper left of the control panel, and press the [Fax] icon on the [Home] screen.

2. Make sure that "Fax" appears on the screen.

3. Enter the fax number.

4. Load the original(s).

5. Select the scan settings you require.

I propose to change the system so that when density card output is requested, plotted densities are punched out. In the normal case these would simply be the average densities. If the test code calls for E.N.D. conversion, it would be the E.N.D. densities that are punched out. If the test breaks down, e.g. because of range check failure, we would get cards punched out for individual strips, since individuals are plotted in that case.

I would appreciate your comments on this proposal by January 2, 1971.

PLEASE HELP US RESOLVE PARKING ISSUES IN PALOMAR HILLS

The Palomar Hills Board of Directors has received a large number of complaints regarding parking violations.

The Palomar Hills Master Documents state:

Section 2 Parking and Garages. Vehicles shall be parked only in the garages or in the driveways serving the Units or appropriate spaces or designated areas in which parking may or may not be assigned and then subject to such reasonable rules and regulations as the Board of Directors may adopt

Please note that the pull-offs on Palomar Boulevard as well as all streets and cul-de-sacs within Palomar Hills are not designated for overnight or extended parking.

Consequently, the Board has created the following procedures with the hopes that they will resolve the problems.

If the Homeowners Association receives parking complaints or notices repeat violations, the violator's vehicle will be tagged with a sticker. After that, if the owner has not remedied the situation or not lived up to the spirit of this procedure, that homeowner will be fined $25 per week until the situation is resolved to the satisfaction of the Board and the car could eventually be towed. If the owner of the vehicle is not known, the car may be towed.

Please understand that your Board has struggled long and hard to find a middle ground between being overly lax or overly punitive. The objective is to target repeat offenders and to address homeowners' complaints in a meaningful manner. We will begin enforcing this new policy in 14 days. So if you are in violation, please come into compliance. We genuinely hope that everyone refrains from violating the parking regulations so that no one is either towed or fined.

We thank you in advance for your cooperation.

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 | 888-877-1655 (a toll-free number in the United States) When it's finished transmitting, point your web browser to Fax Toy — it's a fax web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Entering Your Phone Number

1. Select Your Fax Number in the Header menu.
2. Use the numeric buttons on the control panel to enter your phone number (up to 20 digits). You can enter an area code, a pause (by pressing the # button multiple times), or international numbers.

   Press ▶ to move a space, and ◀ to delete.
3. Press OK to save and exit Header menu.

Selecting the Number of Rings to Answer

If you customize Answer Mode, you must also set up how many rings you want before the product picks up. Pick from the fifth ring or fewer.

1. Press Setup.
2. Select Fax Settings.
3. Select Communication, then Rings to Answer.
4. Select the number of rings, then press OK. Select Toggle then use the arrow keys to change the setting.

Sending a Fax From the Control Panel

You can send a fax by manually entering a fax number, as described below.

Note: To set up Digital Fax Service, first install the software that came with your product. Then, see your Epson FAX Utility Software Guide for details.

1. Place your original(s) for faxing (see page 31).
2. Press Fax.

   To send a two-sided document, press Double-sided on the ADF Page or Menu and select Long Edge Settings. Then, select the Fax Page Orientation.

3. Use the numeric buttons on the control panel to enter the fax number (up to 64 digits).
4. Press one of the Start buttons to scan your document and begin sending it. To cancel, press Stop/Clear.

   Note: If the product is not ready to print, only black and white faxes have been sent. If you press the Color button, the product will send the fax in black and white.

- If you are scanning with the ADF, be sure your document is correctly scanned and fixed.
- If you placed your document on the scanner glass, be sure to scan additional pages after the first one is done.
- If the fax number is busy, redial or wait a few minutes, and then try again. You can also set the product to redial automatically. See Fax Options Menu.

Note: If you turn off the product, it will automatically clear any faxes in the memory, so be sure to check if you have received any faxes before turning off the product.

Receiving Faxes

Before receiving faxes, make sure you have all the paper you need. Select the correct paper size, type, and source for your faxes.

1. Press Setup.
2. Select Fax Settings.
3. Select Receive Settings.
4. Select Paper Source and Print.
5. Select the paper source you want to change, then change the setting.

   Note: If the incoming fax is larger than the paper you've loaded, it reduces to fit or prints on multiple pages, depending on the Auto Reduction setting you've selected.
6. To receive faxes automatically, select Answer Mode and press the Color button. Answer Mode is the default setting.

Note: To change the number of rings before the product answers, see page 12.

If you run out of paper during printing, you see an error message. Load more paper and press the Start button to continue.

This is the e-mail that is required in order to provida un-box & test only delivery service of HP, Dell, Apple, Lexmark and Lenovo equipment to any DOE facility. Please read tha agreement below and respond by email indicating your agreement to the terms. DOE policy requires written authorization in ordar to waive installation services at tha time of each delivery. This will allow our delivery personnel to un-box & test the equipment on the date of delivery and leave the equipment with your team for later installation.

If you do desire us to return at a later date you may contact me at the number below at which time we will discuss the additional costs involved. DOE Policy requires that this request, including agreement to tha terms of the waiver, must come from an Assistant Principal or Principal of a school, or their administrative equivalent in a non teaching environment. Please use your official DOE email address for correspondence relating to this matter. Please "Reply to" this email, answering tha four questions below and indicating your agreement to the terms established by the DOE.

Your request will be reviewed by a DOE Executive and acted upon. I will notify you as soon as a decision has been made. At that time, our scheduling team will make arrangements for delivery as soon as possible in accordance with the DOE determination.

A **LIMITED WARRANTY** If you follow the instructions and the software is properly licensed, the software will perform substantially as described in the Microsoft materials that you receive in or with the software. The limited warranty covers the software for one year after acquired or one year after you receive supplements, updates, or replacement software during that year. they will be covered for the remainder of the warranty or 30 days, whichever is longer. If the first user transfers the software, the remainder of the warranty will apply to the recipient.

To the extent permitted by law, any implied warranties, guarantees or conditions last only during the term of the limited warranty. Some states do not allow limitations on how long an implied warranty lasts, so these limitations may not apply to you. They also might not apply to you because some countries may not allow limitations on how long an implied warranty, guarantee or condition lasts.

C **EXCLUSIONS FROM WARRANTY** This warranty does not cover problems caused by your acts (or failures to act), the acts of others, or events beyond Microsoft's reasonable control.

D **REMEDY FOR BREACH OF WARRANTY** **Microsoft will repair or replace the software at no charge. If Microsoft cannot repair or replace it, Microsoft will refund the amount shown on your receipt for the software. It will also supply an address to which you may return the software to obtain a refund. These are your sole remedies for breach of the limited warranty.**

E **CONSUMER RIGHTS NOT AFFECTED** **You may have additional consumer rights under your local laws, which this agreement cannot change.**

F **WARRANTY PROCEDURES.** You need proof of purchase for warranty service.

1. **United States and Canada.** For warranty service or information about how to obtain a refund for software acquired in the United States and Canada, contact Microsoft at:

CancerTYPE ID — Molecular Classification with CancerTYPE ID

FFPE Tissue Processing & Tumor Enrichment

- CancerTYPE ID requires as few as 300-500 viable tumor cells and is compatible with limited biopsy specimens such as FNAs, cytological specimens, and small core needle biopsies.
- CancerTYPE ID routinely employs laser guided microdissection to enrich for tumor specimen.

Gene Expression Profiling

- CancerTYPE ID uses a robust real-time RT-PCR platform to detect very small differences in gene expression.
- CancerTYPE ID measures and integrates the gene expression of 92 genes, 5 normalization genes and 87 lineage determinant and tissue-specific genes, most of which are not routinely measured by IHC.

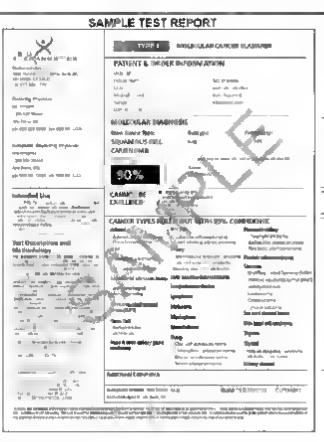
Reference Tumor Database & Algorithm

- CancerTYPE ID uses a computational algorithm to predict the patient's tumor type based on the degree of similarity of the sample's 92-gene expression profile to a reference database of gene expression profiles. The reference database contains gene expression information from over 2,000 tumor specimens of known histogenesis, and representing ~95% of all solid tumors based on incidence.
- The CancerTYPE ID algorithm provides a predicted main type and any sub-types in rank-order by relative probabilities, which are based on the tumor's gene expression similarity to tumors of these types in the reference database.

Molecular Classification

- CancerTYPE ID classifies 28 tumor types and 50 tumor subtypes.
- In an independent validation of 2998 blinded samples, the molecular diagnosis was 87% accurate for main tumor type and 86% accurate for tumor subtype.

SAMPLE TEST REPORT



Interpreting CancerTYPE ID Test Results

MOLECULAR DIAGNOSIS

The [redacted] molecular diagnosis is the CancerTYPE ID prediction of certain tumor subtypes. It is reported probability (≥ 80%), the tumor is reported as "Indeterminate", in this case, the test report will also indicate tumor types that can be ruled out (see below) that cannot be excluded.

CAN NOT BE EXCLUDED

When applicable, tumor types on the CancerTYPE ID reference database that share some gene expression profile similarity to the patient's sample such that they cannot be excluded. Item diagnostic consideration will be listed here in rank order.

RULE OUTS

The CancerTYPE ID test report also lists tumor types that can all be ruled out with 95% confidence. In an independent validation of 2998 blinded samples, the rule-outs were 95% accurate. This may provide useful differential diagnostic information when two or more potential tumor types are suspected and one or more tumors may be ruled out in the rule outs.

Because Defendants' course decisions survive rational basis scrutiny (*see* Part II.B.1.c of this Order), Defendants are entitled to summary judgment on Plaintiffs' as-applied equal protection claims.

III. RULING

Because Plaintiffs fail to raise any genuine issue of material fact to support their as-applied claims, Defendants' Motion is GRANTED.

IT IS SO ORDERED.

Letter of Authorization

Please return completed form by e-mail to billing@itel.com or by fax to 888-377-4835
Thanks!

This letter authorizes iTel Networks Inc. to act on behalf of the undersigned (the "customer") for the purposes of porting the following numbers to such telecom service providers as iTel Networks Inc. shall designate, such that calls to these numbers can be routed on VoIP service provided by iTel Networks Inc. to the customer. iTel Networks Inc. specifically disclaims any ownership rights in these numbers which will remain the property of the customer and may be ported to another telecom service provider at the request of the customer on the sole condition that the customer's account with iTel Networks Inc. is not in arrears. All services provided by iTel Networks Inc. are governed by iTel Networks Inc. standard terms and conditions. This letter supersedes any previous letters of agency or authorizations related to this matter.

Signing Officer (name) _____
Company Name (if applicable) _____

_____

Important
Please send a recent telephone bill (all pages) for the specified number(s) to be ported. Do not discontinue telephone service on the listed numbers - this will be done as part of the porting process (cancelling service on these numbers prior to the completion of the port order will cause the port request to be denied). Please note that all services that are attached to any number(s) being ported will also be cancelled at the time of the port. Any services that are wished to be kept must be detached from said number prior to port. There will be a porting fee of $55 per rate centre, per order

We then need to set the owner and group

chown root:root /home/e-smith/ssl.key/server.name.domain.com.key
chown root:root /home/e-smith/ssl.crt/server.name.domain.com.crt

And finally we set the permissions.

chmod 644 /home/e-smith/ssl.crt/server.name.domain.com.crt

2.4 Restart Your Secure Server

You can restart your secure server with the following commands. (If you chose to have a password you will be prompted to enter it.)

/etc/rc7.d/S86httpd-e-smith restart
/etc/rc7.d/S90httpd-admin start

2.5 Test Your New Certificate

Point your Web browser to say the page for web mail. The URL to access webmail with the secure server will look like this

https://mail.domain.com/cgi-bin/

If you are using a CA-Signed certificate from a well-known CA, your browser will most likely automatically accept the certificate (without prompting for input) and create the secure connection.

Your browser will not automatically recognize your self-signed certificate, because the certificate is not signed by a CA. Simply follow the instructions provided by your browser to accept the certificate and install it. You will only have to do this one time. Once your browser accepts the certificate you should get the webmail home page. Close your browser and try accessing the page again. Notice this time no security warning or prompt.

2.6 Update the Secure email Certificates (SME6 ONLY) (Optional)

Thanks to Jasper Knudsen over at http://www.steve-ss.knudsen.com for providing me with this, I hunted high and low to find a fix for this.

If you use the Secure Email addon from pagefault.org, and you have updated the certificates AFTER installing it then the IMAP, POP and SMTP over SSL will still have the old certificate.

Running the following commands will update the certificates

cd /home/e-smith/ssl.crt/
/bin/cp -f /home/e-smith/ssl.key/server.name.domain.com.key

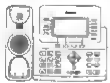
Packaging Contents

The following items are included in your package. If you find anything missing, contact your system administrator.



IP Phone

Handset

Handset Cord

Quick Start Guide

Ethernet Cable (1.5m CAT5E UTP Cable)

Power Adapter (Optional)

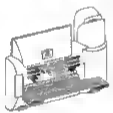
Stand

Wall Mount Bracket (Optional)

Note: Wireless handset, USB flash drive, and power adapter are optional accessories. Your IP phone supports PoE (Power over Ethernet). If you apply PoE to supply power to your IP phone, you do not need a power adapter. Your IP phone can also be powered by a power adapter. Only one power source can be applied at a time. Contact your system administrator for any questions about accessories.

Assembling the Phone

1. Attach the stand, as shown below:



Desk Mount Method

Note: Make sure the stand is firmly attached to the phone. Otherwise, the phone may fall off the stand and be damaged.

2. Connect the handset and optional headset, as shown below:

Wireless Headset Adapter EHS36

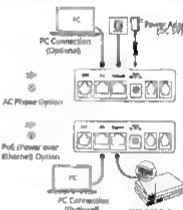
Note: The headset adapter is used to connect a wireless headset to your IP phone. For more information about the headset adapter, refer to the user guide for the headset adapter.

3. Connect the USB flash drive, as shown below:

Note: The USB flash drive is used to update the firmware of your IP phone. For more information about the USB flash drive, refer to the user guide for the USB flash drive.

4. Connect the network and power, as shown below:

You have two options for network and power connections. Your system administrator will advise you what to use.



Note: The IP phone can be powered by a power adapter or PoE. The default power source is PoE. If you want to use the power adapter, you must purchase it separately. If the power (PoE) is provided, you just need to connect the power adapter. Make sure the network (LAN) port supports PoE.

Startup

After the IP phone is connected to the network and supplied with power, it automatically begins the initialization process. After startup, the phone is ready for use. You can configure the phone via phone user interface or web user interface.

Linksys PAP2

GENERAL INFORMATION

The Linksys PAP2 is a reliable inexpensive telephone adapter that works with the Callcentric service when placed behind your broadband internet router

Most other Linksys and Sipura VoIP products (such as the SPA-xxxx series) are based on the same software as the Linksys PAP2 so you may also use the PAP2 setup guide to assist you with those products as well..

The PAP2 product page and user manual can be found here.
The most recent PAP2 firmware (software) version can be found here

The information below is based on the PAP2 firmware version 3.1.3(LS), although most other older and newer versions will look very similar

CONFIGURING THE Linksys PAP2

These instructions are based on using the PAP2 in its factory default configuration which is to obtain a dynamic IP address automatically from your router using DHCP, which is how most people have their home routers configured. For information on configuring your PAP2 with a static IP address, please refer to the PAP2 user manual.

We recommend that you read each step through in its entirety before performing the action indicated in the step

STEP 1 Connect your router with the supplied Ethernet network cable to the PAP2. Now connect your phone to the PAP2 Line 1 port. Finally plug the supplied power cable into the PAP2.

STEP 2 Wait 30 seconds after plugging your PAP2 in

STEP 3 Pickup the phone connected to the PAP2 and dial the * key on your phone 4 times.

STEP 4 Have a pen and paper ready. You will hear a message "Configuration menu. Please enter option followed by the pound key..." From enter 1 1 # # on your phone. You will now hear a message giving you the IP address of your PAP2 such as "192.168.1.109" write this number down.

192.168.1.3

STEP 5 Open a web browser on your computer such as Internet Explorer and enter the IP number you heard in step 4 as the address (i.e. where you would normally enter www.yahoo.com)
Please note: some browsers will require you to remove leading zeros (0 's) in the IP address. For example if you heard "192.168.001.010" you should change this to "192.168.1.10"

STEP 6 Please note, the PAP2 by default does not have a password assigned to it, so you

USA PATRIOT Act Notice: [illegible] your Broker/Dealer [illegible] and to verify the information [illegible] Additional documentation may be [illegible] and other organizations [illegible] not be responsible for any losses or damages [illegible]

In the section below, "NFS," "we," and "we" refer to National Financial Services LLC and its officers, directors, employees, agents, affiliates, shareholders, successors, assigns, and representatives as the context may require; "you" refers to the account owner(s)/beneficiaries on the account form and any authorized individuals; "you" refers to all account owner(s), collectively and individually; "Broker/Dealer" refers to the company/firm managing your account.

By signing below, you:

- Hereby adopt the Premiere Select Traditional IRA, Rollover IRA, SEP-IRA, Roth IRA, IRA Beneficiary Distribution Account, or Roth IRA Beneficiary Distribution Account ("Premiere Select IRA") as indicated above, appointing Fidelity Management Trust Company ("FMTC"), or any successor thereof, as custodian, and NFS as the carrying broker/dealer to perform certain administrative services and act as an agent of FMTC. Notwithstanding Article 8, Section 28 of the Premiere Select IRA Custodial Agreement and Article 9, Section 27 of the Premiere Select Roth IRA Custodial Agreement, FMTC's acceptance of its appointment as custodian is effective upon proper completion and signature of the Application, and contingent upon timely delivery of the Application, as signed and properly completed, to the custodian. Acceptance will be evidenced by a Letter of Acceptance sent by or on behalf of FMTC.
- Understand that the beneficiary of your Premiere Select IRA (except if the application is an IRA BDA or Roth IRA BDA or an IRA for a minor) established with this Application will be your surviving spouse or, if none exists, your estate, unless you have completed the IRA Beneficiary/Successor IRA Beneficiary Designation section above or unless a completed Beneficiary Designation form is received and accepted by NFS. You understand that the beneficiary of your Premiere Select IRA BDA or Roth IRA BDA will be your estate unless you have completed the IRA Beneficiary/Successor IRA Beneficiary Designation section above or until a completed Beneficiary Designation form is received and accepted by NFS. If the account is for a minor, you understand that the beneficiary will be the minor's estate or as otherwise determined in accordance with the applicable state Uniform Gifts to Minors Act or Uniform Transfers to Minors Act, as indicated in Article 8, Section 30(d) of the Premiere Select IRA Custodial Agreement. You understand that any designation of a beneficiary on your Premiere Select IRA BDA or Roth IRA BDA has no impact on the required distributions from the original IRA, as required under Sections 401(a)(9) and 408(a)(6) of the Internal Revenue Code and related regulations.
- Understand the Premiere Select SEP-IRA can only be used in conjunction with a validly established SEP-IRA plan.
- Acknowledge that payment to beneficiaries will be made according to the rules of succession described in the Premiere Select IRA Custodial Agreement and Disclosure Statement and as otherwise described herein.
- Understand and acknowledge that there are fees associated with your Premiere Select IRA. The fees are specifically described in the Premiere Select Retirement Account Customer Agreement ("Customer Agreement") and Premiere Select IRA Custodial Agreement and Disclosure Statement or Premiere Select Roth IRA Custodial Agreement and Disclosure Statement, as applicable.
- Affirm you have reviewed the fees with your Broker/Dealer and/or investment professional, and you have determined the fees are reasonable for the services provided to you in connection with your Premiere Select IRA.
- Understand that, unless you provide written notice to the contrary, NFS and your Broker/Dealer may supply your name and other information (including your Social Security/tax identification number) to issuers of securities held in your account so you can receive important information and participate in corporate actions regarding such securities.
- Affirm that you are at least 18 years old and legally authorized to enter into this Agreement in the state in which you reside.
- Affirm that, if you have not checked the box for Affiliations, you represent and warrant that you are not affiliated with or employed by a stock exchange or a broker-dealer or you are not a control person or affiliate of a public company under SEC Rule 144 (such as a director, 10% shareholder, or a policy-making officer), or an immediate family or household member of such a person.
- Understand that all communications with your Broker/Dealer and NFS may be monitored or recorded, and you consent to such monitoring or recording.
- Indemnify and hold harmless your Broker/Dealer, NFS, FMTC, their officers, directors, employees, agents, affiliates, shareholders, successors, assigns, and representatives from any claims or losses that may occur in the event that you fail to meet any IRS requirements concerning your Premiere Select IRA(s).
- Understand that if you are establishing your Premiere Select IRA BDA or Roth IRA BDA by transferring assets which you have inherited from an IRA BDA at another financial institution, you certify that the transfer is in compliance with the terms and conditions of the IRA Custodial Agreement and Disclosure Statement governing the IRA BDA or Roth IRA BDA, as applicable. You accept full responsibility for all IRA BDA and Roth IRA BDA transfer requirements.
- Agree that, to the extent that inherited employer-sponsored plan assets are being directly rolled to an IRA BDA, you understand that it is your responsibility to ensure that only eligible assets are rolled and that all required minimum distribution requirements are satisfied. If the IRA BDA is registered in the name of a trust on behalf of the trust, you hereby request NFS to open an IRA BDA in the name of the trust listed as the account holder on the application. The trustees hereby certify the representations in the Customer Agreement is accurate.
- Represent that if you are establishing a Premiere Select IRA BDA or Roth IRA BDA in the name of multiple representatives of an estate, that each is authorized to act severally or individually and that NFS may follow instructions of one of the representatives independent of all others including the delivery of assets to an estate representative personally unless the court appointment indicates otherwise.
- Represent that you have received and read the Customer Agreement, the appropriate Premiere Select IRA Custodial Agreement and Disclosure Statement, of which this Application is a part, governing this account and agree to be bound by such Agreements as are currently in effect and as they may be amended from time to time. These Agreements shall be construed, administered, and enforced according to the laws of the Commonwealth of Massachusetts, except as superseded by federal law or statute.

Ochocinco was urinated on by a lion and lived to tweet the tale

By Chris Chase | Shutdown Corner — Lifestyle & Fabulous Editor

Chad Ochocinco was trying to have a normal Saturday night. He went out to a party with his reality star wife and Darrelle Revis, dressed in a custom suit and Louboutins just in case he had to go straight to a 7 a.m. church service and then – bam! – he gets intoxicated on by a lion.

The New England Patriots receiver was at a charity event in Miami on Saturday night when he ran into the caged animal. According to Ochocinco's Twitter account the king of the jungle proceeded to become the urine sprayer at the party.

The initial tweet:

"Swear to lil Jr. pound bearded baby Jesus" I just got peed on by a real "Lion" I'm not lying either And y'all wonder why I don't go out!!!!!"

"No that's not an actual saying. I checked.

Responding to skepticism about his claim:

"No i'm serious ask @evelynlozada or @reneesa RT @TylerCostaz @ochocinco tweet a pic of the lion AND the

Am I Going Insane?

A recent college graduate took a new job in a hilly Eastern city and began commuting each day to work through a tiring array of tunnels, bridges and traffic jams. Thinking it would make the trip more bearable, he invited several co-workers to share the ride. However, the commute actually got more stressful, especially the trips through the tunnels. He consulted the company doctor.

The Adventures of Super Peanut

In the city of Peanut World lived many peanuts. Super Peanut was a super hero that spent many years training to use his super powers. He learned to punch faster than lightning, fly through the skies, and throw salt on villains to slow them down. Also living in Peanut World were Evil Peanut (EP) and Bad Peanut (BP), EP's partner in crime. They both had seen their parents eaten by humans when they were very young. They are both very sad and angry and have found friendship with each other over their shared bad fortune. Marge is a happy, kind, and pretty city dweller that works as a waitress.

The city of Peanut World is like any other big city with tall buildings. The buildings in Peanut World look like cans and jars. It always looks like it is snowing there but it is only salting.

One day while Marge was walking home from work at the restaurant, she was startled. EP and BP jumped out of nowhere and scared her. She knew who they were and was very worried. They grabbed her and took her to a very strange house on the edge of the city. Super Peanut heard her screams from clear across the city. His super hearing allowed her to hear from all over the city. Super Peanut followed the screams to the strange house. He waited outside the house until EP and BP left. Then he went inside to investigate. He found Marge sitting on a rocking chair with her mouth taped closed and she was taped to the chair. Super Peanut used his super powers to melt the tape off her hands and mouth.

Just as Super Peanut and Marge were about to escape, EP and BP came back into the house. They had left their tools behind. They noticed that Super Peanut had set Marge free and they were very unhappy. They came at Super Peanut with a nutcracker. He moved too fast for them. They tried to hit him with a potato masher but he flew away from them again. The battle was hard since there were two of them and only one Super Peanut but since EP and BP didn't have super powers, he was finally able to defeat them and free the girl.

Marge was so grateful and she fell instantly in love with Super Peanut. They got married and lived happily ever after.

The Pearls

The cheerful girl with bouncy golden curls was a must five. Waiting with her mother at the checkout stand she saw them a circle of glistening white pearls in a pink foil box

"Oh please Mommy Can I have them? Please Mommy please?" Quickly the mother checked the back of the little foil box and then looked back into the pleading blue eyes of her little girl's upturned face

"$2.00. If you really want them I'll think of some extra chores for you she in no time you can save enough money to buy them for yourself."

As soon as Jenny got home, she emptied her piggy bank she counted out 55 cents After dinner she unset the table and helped do the washing up and next day she went to the neighbor and asked Mrs McJames if she could dig up dandelions for 50 cents

At last she had enough money to buy the neck ace Jenny loved her pearls They made her feel dressed up and grown up She wore them everywhere to the shops to kindergarten even to bed The only time she took them off was when she went swimming or had a bubble bath Mother said if they get wet, they might turn her neck green

Jenny had a very loving daddy and every night when she was ready for bed he would stop whatever he was doing and come upstairs to read her a story One night when he finished the story he asked Jenny "Do you love me?" "Oh yes Daddy You know that I love you." "Then give me your pearls" "Oh Daddy not my pearls. But you can have Princess — the white horse from my collection The one with the pink tail Remember Daddy? The one you gave me. She's my favorite." "That's okay, honey Daddy loves you Good night." And he kissed her on the forehead

About a week later after the story time Jenny's daddy asked again "Do you love me?" "Oh yes, Daddy You know that I love you." "Then give me your pearls." "Daddy not my pearls But you can have my baby doll My brand new one. She is so beautiful and you can have the yellow blanket that matches her bed." "That's okay Sleep well little one Daddy loves you." And, as always he gave her forehead a gentle kiss

A few nights later when her daddy came in, Jenny was sitting on her bed with her legs crossed Indian-style As he came close, he noticed her chin was trembling and one silent tear rolled down her cheek

"What is it, Jenny? What's the matter?" Jenny didn't say anything but lifted her little head up to her daddy she when she opened it there was her little pearl necklace With a little quiver and finally said, "Here Daddy It's for you." With tears gathering in his own eyes, Jenny's kind daddy reached out with one hand to take the costume necklace and with the other hand he reached into his pocket and pulled out a blue velvet case with a strand of genuine pearls and gave them to Jenny

He had had them all the time He was just waiting for her to give up the fake stuff so he could give her a genuine treasure.

And so it is, with our Heavenly Father Jehovah

He is waiting for us to give up the cheap things in our lives so that he can give us a beautiful treasure. Isn't Jehovah God good? Are you holding onto things that Jehovah God wants you to let go of? Are you holding on to harmful or unnecessary friends, relationships habits and activities that you have become so attached to that it seems impossible to let go?

Sometimes, it is so hard to see what is in the other hand, but do believe this one thing Jehovah will never ask you to give up something without giving you something better in its place.

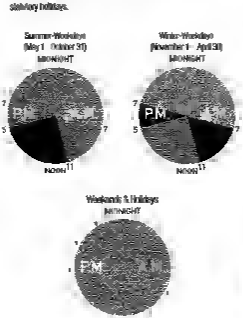
Notes:

Simple changes can bring real benefits.

The price of your electricity use will now be calculated using new TOU rates. By using TOU rates to manage your electricity needs, you can help reduce the need for additional power generation during peak periods. Simple changes in your regular routine can help smooth those peaks and create real supply and environmental benefits.

Putting you in control

TOU pricing rewards you for using electricity during low-demand periods wherever possible (reflected in green). Three TOU rates, off-peak, mid-peak and on-peak, will vary between summer and winter. As you can see from the seasonal charts below, the lowest rates are at night, on weekends and statutory holidays.



Note: Visit the Ontario Energy Board at www.ontarioenergyboard.ca for current pricing.

Choose your time. Manage your costs.

Your smart meter automatically records your electricity consumption on an hourly basis so you can take advantage of TOU pricing:

- During on-peak periods, when demand (and production costs) are highest, prices will be higher.
- During mid-peak periods, when demand is moderate, prices will be lower.
- During off-peak periods, the least busy hours of the day, prices will be the lowest.

Depending on when you choose to run your appliances, here are some sample costs for typical appliances. You can find how much electricity your specific appliance/model consumes by visiting Natural Resources Canada's Office of Energy Efficiency's website at www.oee.nrcan.gc.ca or by calling NRCan's Office of Energy Efficiency at 1-800-387-2000 (toll free).

Appliance	Typical Electricity Use	
	Off-Peak 5.6¢ per kWh	Mid-Peak 10.4¢ per kWh
Clothes Dryer (1 load)	14¢	26¢
Clothes Washer (1 load/hot wash)*	69¢	13¢
Clothes Washer (1 load/cold wash)*	8¢	15¢
Electric Stove (1 cooking event)	33¢	61¢
Dishwasher (1 load)*	24¢	45¢
A/C (Central A/C 2.5 Tons)	18¢	33¢
A/C (Split A/C 2.5 Tons)	21¢	39¢

*based on alternative water heating (HE/DE)

Electricity prices change every six months. Prices shown also reflect the electricity or commodity cost on your bill. They do not reflect delivery, regulatory or other charges as those are based on your consumption and are a fixed cost, and do not reflect the time of use. Visit the Ontario Energy Board at www.ontarioenergyboard.ca for current details.

Furthermore, the work also looks at how supply and demand has given incentive for the trafficking of humans in the new era of globalization. The work also addresses how lower income nations and their citizens are continually going to Western nations and are forced into slavery (Stanslas 2010)

Deductions and Adjustments Worksheet

Note. Use this worksheet only if you do not file Form 8962, exercise conditions, or claim any of the following items.

1 Enter an estimate of your 2012 itemized deductions. These include qualifying home mortgage interest, charitable contributions, state and local taxes, medical expenses in excess of 7.5% of your AGI, casualty and theft losses, and certain miscellaneous deductions . . . . . 1 $

2 Enter: $ 11,900 if married filing jointly or qualifying widow(er)
$ 8,950 if head of household
$ 5,950 if single or married filing separately 2 $

3 Subtract line 2 from line 1. If zero or less, enter -0- . . . . . 3 $

4 Enter an estimate of your 2012 adjustments to income and any write-in adjustments (see Pub. 505) . . . . . 4 $

5 Add lines 3 and 4 and enter the total. If you are using amounts from the Deductions Credits for Affordable Care Worksheet in Pub. 974 (Premium Tax Credit), see line 1 of that worksheet . . . . . 5 $

6 Enter an estimate of your 2012 nonwage income (such as dividends or alimony) . . . . . 6 $

7 Subtract line 6 from line 5. If zero or less, enter -0- . . . . . 7 $

8 Divide line 7 by $3,900 and enter the result here. Drop any fraction 8

9 Enter the number from the Personal Allowances Worksheet, line E, page 1 9

10 Add lines 8 and 9 and enter the total here. If you are using the Two-Earners/Multiple Jobs Worksheet, also see line 1 below. Otherwise, stop here and enter this total on Form W-4, line 5, page 1 10

Two-Earners/Multiple Jobs Worksheet (See *Two earners or multiple jobs* on page 1.)

Note. Use this worksheet only if the instructions for line 10 on page 1 direct you here.

1 If the number from line E on page 1 (or from line 10 above if you used the Deductions and Adjustments Worksheet) is 3 or less, enter -0- here. If you are married filing jointly and wages from the highest paying job are $65,000 or less, do not enter more than -1- 1

2 If line 1 is more than or equal to line 2, subtract line 2 from line 1. Enter the result here. If zero, enter -0- 2

3 Subtract line 2 from line 1. If zero or less, enter -0- 3

Note. If line 1 is less than line 2, enter -0- on Form W-4, line 5, page 1. Complete lines 4–9 below to figure the additional withholding amount necessary to avoid a year-end tax bill.

4 Enter the number from line 2 of this worksheet 4

5 Enter the number from line 1 of this worksheet . . . . . 5 $

6 Subtract line 5 from line 4 6

7 Find the amount in Table 2 below that applies to the HIGHEST paying job and enter it here . . . . . 7 $

8 Multiply line 7 by line 6 and enter the result here. This is the additional annual withholding needed . . . . . 8 $

9 Divide line 8 by the number of pay periods remaining in 2012. For example, divide line 8 by 10 if you are paid every two weeks and you expect to finish your last pay period in December. Enter the result here and on Form W-4, line 6, page 1. This is the additional amount to be withheld from each paycheck . . . . . 9 $

Vertical Water Velocities from Underwater Gliders

ABSTRACT

The underwater glider is set to become an attractive platform for oceanographers to get their data with a relatively high temporal resolution and a small carbon-dioxide footprint. This is made possible by a wide range of new sensors that have been developed for gliders.

In the present work the method is presented for estimating the vertical water velocity (W_w) from glider data. Basically, W_w is the difference between the vertical glider velocity in the water and the vertical glider velocity relative to the ground. The latter is inferred from the pressure time series. For the former a numerical model of the glider's flight is developed. The model requires a description of the geometry of the glider, the mass of the glider and its ballasting system, and hull characteristics, which are found by conducting a set of experiments in the towing tank of the GKSS research institute.

Vertical water velocities have been retrieved from data gathered in the North Sea. Internal tidal waves during both the summer and winter deployments are clearly identified. The root-mean-square deviation between the measured and modeled vertical velocities is found to be 0.02 m s^{-1}. Comparison with independent measurements of current velocity from a moored acoustic Doppler current profiler (ADCP) shows that the root-mean-square deviation between the two sets of data is 0.03 m s^{-1}. The accuracy of the method is estimated to be 0.01 m s^{-1}. The method is applied to a data set collected in the Mediterranean Sea.

1. Introduction

Underwater gliders are set to become an attractive platform for gathering data from within the oceans. Although a scientific mission usually requires several gliders, the initial investment and operational costs for the current generation of instruments are rather inexpensive in the light of the costs of deploying conventional oceanographic instruments from ships. Gliders are small, torpedo-shaped, autonomous underwater vehicles (AUVs) that can obtain positive or negative buoyancy by changing the mass of fluid contained in a hull-mounted bladder. Using a torpedo-like shape and appropriately sized wings, gliders can travel forward at a small relative velocity, typically 0.25 m s^{-1}. By changing the buoyancy of the glider, it moves in a vertical sawtooth pattern through the water column. Gliders are capable of diving to depths of 1000–1500 m. Using global positioning system (GPS) and communication systems, gliders can surface every few hours to obtain a position fix and transmit their data. Usually, gliders are equipped with conductivity–temperature–depth (CTD) sensors but an increasing number of other sensors is available, including chlorophyll fluorometers, optical backscatter sensors, optical dissolved oxygen sensors, acoustic sensors, optical (bioluminescence) sensors, and chemical sensors. Currently commercial gliders are available from three manufacturers: the Spray glider (Sherman et al. 2001), the Seaglider (Eriksen et al. 2001), and the Slocum glider (Jones et al. 2005).

During the last April 2008 three 1000-m-rated Slocum gliders of the National Oceanography Centre (NOC) were deployed off the coast of Toulon, France, to sample the western Mediterranean. The NOC gliders were part of a fleet of a total of nine gliders piloted from five European institutes. Two gliders of Oceanographie et de Climatologie Experimentales (Association pour la Recherche en Océanographie Opérationnelle (LOCEAN), France), three of Hydroptic (France), two of the Institut de la Mer (IFREMER) Laboratoire de Physique des Océans (LPO, France), two of the Instituto Español de Oceanografía (IEO, Spain), and two of the Marine Scotland (MLDSA, Scotland) fleet were piloted by the NOC (United Kingdom) and three by the European Glider Observatories (EGO) network.

The focus of the NOC gliders was on oceanic processes, in particular in the region of the Mistral current, a convective mixing process of an open boat form that occurs in that region of the Mediterranean during winter

Prayer to St. Joseph over 1900 years old

O St Joseph whose protection is so great, so strong, so prompt before the Throne of God, I place n you all my interests and desires O St Joseph do assist me by your powerful Intercession and obtain for me from your Divine Son all spiritual blessings through Jesus Christ. Our Lord, so that having engaged here below your Heavenly power I may offer my Thanksgiving and Homage to the most Loving of Fathers O St Joseph I never weary contemplating you and Jesus asleep in your arms I dare not approach while He reposes near your heart Press him in my name and kiss His fine Head for me, and ask Him to return the Kiss when I draw my dying breath. St. Joseph, Patron of departing souls, pray for us. Amen

Say for nine consecutive mornings for anything you may desire. It has seldom been known

to fail.

This prayer was found in the fiftieth year of Our Lord Jesus Christ. In 1500 s it was sent by the Pope to Emperor Charles when he was going into battle

Whoever reads this prayer or bears it or carries it, will never die a sudden death, nor be drowned, nor will poison take effect on them They will not fall into the hands of the enemy nor be burned in any fire, nor will they be defeated in battle.

Make this prayer known everywhere

Imprimatur

[redacted]

Where the hell have you been?? I just received this notice to pay a hospital bill from [redacted] that I never paid. I got sick and an ambulance was called and I didn't have insurance at the time. They had sent me some previous paperwork that I ignored hoping that it would just go as a judgment on my title to my house. I will pay for your services to get rid of this or to get out of paying.

It does state at the bottom if I have trouble paying this amount to request a change in the terms of payment. I am unemployed right now and only receive [redacted] per week.

Please let me know what I should do. If you do need to get involved let me know how much it's going to be and we can go from there.

Also, did [redacted] contact you? I told her that you were good for title work and things of that nature. I believe that she has to remove her ex boyfriend from the title. I also wanted to say thank you for the referral from [redacted]. Please call me Monday so we can discuss.

Sincerely,

[redacted]

Marsha's Terrible Job Interview

Marsha had a job interview with the Sunshine Biscuit Company last Monday. Her appointment with the interviewer was for 10:00 am. She had forgotten to set her alarm clock, so she woke up at 9:30 am and got to the interview an hour late, at 11:00 am.

Because she woke up so late, she didn't have much time to get ready. She took a quick shower and put on the first dress that she found in her closet. It was a very short dress that showed a little too much, the kind of dress a woman wears when she's trying to attract a boyfriend at a cocktail party. She also put on a lot of very cheap perfume, the kind you can smell down the street.

She left the house without eating breakfast and she ran to the bus stop. The bus was late in coming, but she didn't want to spend the money on a taxi. When she finally got to the Sunshine Biscuit company, she ran into the building and ran into the interviewing office. She ran up to the secretary's desk and screamed, "I'm here! My bus was late!" The secretary was a bit surprised, but asked her who she was and what time her appointment was for. Marsha answered, "I'm Marsha and my interview is for right now." Of course, it was already 11:00 am and her interview had been scheduled for an hour earlier.

The secretary called the interviewer, Mr. Green, on the intercom and he told her to send Marsha in.

Marsha was chewing gum as she entered the office. She took a seat without saying anything to Mr. Green. Mr. Green was slightly surprised to see Marsha act so boldly, even though she was an hour late. He introduced himself and asked how she was. She said that she was feeling lousy and that the public transportation in the town was awful. He asked her what kind of position she was looking for, and if she had a resume. She said that she had no resume because she didn't have time to write one. She also had no idea of what kind of job she wanted, she just wanted one that paid well. He asked her if she had any questions for him, and she asked him if she could have Wednesday afternoons off so that she could see her psychiatrist. She also asked him if the company gave at least a two-week vacation. He asked her what skills she had and she answered that she could type, but that she couldn't take a typing test because tests made her nervous.

Mr. Green thanked Marsha for coming, and she asked, "Do I get a job or not?" He said that he would call her if there was an opening, and she said, "Well, hurry please, because I'm broke and I can't pay the rent."

Hello Hello

They'll never catch you!
Some people say it's easy to rip off the phone company. Use a phony credit card or scrambling another's number. Make all the long distance calls you want. Free.
They'll never catch you.
Don't you believe it.
There are some very sorry people who now know different. The first is: toll fraud is a crime.
Charging calls to phony numbers is a crime. A Misdemeanor. Up to one year in jail and a $1000 fine.
Using an electronic device (i.e., blue box) is a misdemeanor, too. For each state sale it's fraud by wire—a Federal offense. Up to five years in jail and a $5000 fine.
If you're caught, you'll spend more time behind bars until you can raise bail.
If you're convicted, chances are you can kiss your scholarship and your college career good-bye. And your odds are lousy for getting into or right, medical school over becoming a teacher, or landing a civil service job. The list of dividends is endless.
The phone company is constantly checking for toll fraud. And they get full cooperation from the local authorities.
Toll fraud isn't worth it. Once you're caught, you're allowed one more free call.

Tele: +234-8033849418
E-mail: jamesajibola1@superposta.com

Sir

YOU'RE PAYMENT VIA CENTRAL BANK OF NIGERIA-VISA ATM DEBIT CARD.

Account Normalization of your Banking details has been authenticated and authorized by International Monetary Fund (IMF) and Financial Services Authority (CBN). These two Financial Regulatory Authorities reserve the rights to lodge Funds having Overseas state of origin with short-listed American and European & African Banks. This has made it necessary for your own payment from our drawn web watching to be programmed into Central Bank ATM store-value Debit ATM Card. The total fund is US$8,500, 000.00 (Nine million Five Hundred Thousand United State Dollars only).

The International Monetary Fund, (IMF), working in relationship with (CBN) Nigeria has concluded to issue you a Visa Card with which you can access your contract amount stated stated. The ATM department will send your card expressly to you to avoid further delays. It is important to note that your card is a true ATM store-value Base card. It is not a credit card. Its value is equal to the amount of money that has been "loaded" into the card.

As you add funds to it, the card increases in value, as you withdraw funds for cash or make purchases, the value decreases. Your ATM/debit card can be used with all internationally accepted ATM machines in any part of the world. Be notified that the ATM will deliver cash in local currency at a Base Exchange rate any time of day or night with no premium required. In most cases we register the card for you. Only minimal personal information will be requested, as required by federal law, which may include

Secondly, if you want this Bank to make Cable Telegraphic Transfer (CTT) we are also ready to issue the Transfer into any Bank Account you can forward to us in any part of this world, so please kindly let this Bank know your Choice in this year 2014, so that we can move into action without any further delay

1. Your Full names, telephone and fax number, address were you want to receive the ATM card in case you want ATM Card (P.o box not acceptable), date of birth and current occupation. For it must be registered before use/Act vation. However for the purposes of identity verifications and issuance of PIN and Access code numbers, among other relevant information to be released to you. It is important you contact the office of the Director, ATM/ debit Card Department for immediate registration. Directly reply to this Email

Embroidery

A young woman went into Victoria's Secret and asked if she might have the sentence, "If you can read this, you're too close!" embroidered on her panties and bra.

"Yes madam," said the clerk, "I'm quite certain that could be done. What kind of lettering would you like it done in?"

"Braille," she replied.

Why French Parents Are Superior

While Americans fret over modern parenthood, the French are raising happy, well-behaved children without all the anxiety. Pamela Druckerman on the Gallic secrets for avoiding tantrums, teaching patience and saying 'non' with authority

By PAMELA DRUCKERMAN

Emmanuel Fedrix for The Wall Street Journal

Pamela Druckerman's new book "Bringing Up Bebe" catalogs her observations about why French children seem so much better behaved than their American counterparts.

When my daughter was 18 months old, my husband and I decided to take her on a little summer holiday. We packed a coastal town that is a few hours by train from Paris, where we were living (I'm American, he's British), and booked a hotel room with a crib. Bean, as we call her, was our only child at this point, so forgive us for thinking: How hard could it be?

We ate breakfast at the hotel, but we had to eat lunch and dinner at the little seafood restaurants around the old port. We quickly discovered that having two restaurant meals a day with a toddler deserved to be its own circle of hell.

Bean would take a brief interest in the food, but within a few minutes she was spilling salt shakers and tearing apart sugar packets. Then she demanded to be sprung from her high chair so she could dash around the restaurant and bolt dangerously toward the docks.

Journal Community

Our strategy was to finish the meal quickly. We ordered while being seated, then begged the server to rush out some bread and bring us our appetizers and main courses at the same time. While my husband took a few bites of fish, I made sure that Bean didn't get picked by a waiter or lost at sea. Then we switched. We left enormous apologetic tips to compensate for the arc of torn napkins and calamari around our table.

After a few more harrowing restaurant visits, I started noticing that the French families around us didn't look like they were sharing our mealtime agony. Weirdly, they looked like they were on vacation. French toddlers were sitting contentedly in their high chairs, waiting for their food, or eating fish and even vegetables. There was no shrieking or whining. And there was no debris around

Five rescued from apartment fire in Lawrence

By News Staff
Fox59
4 10 PM EDT June 3, 2011

A fire that damaged four apartments in Lawrence, Indiana is under investigation The fire broke out Friday morning at a complex on Rue Lemon (near 42nd and Post Road) just before 9 a.m

When firef ghters arrived flames were shooting out of one apartment. The people inside got out safely however five people next door became trapped

"The fire was blocking their front door, so it had already burst out of the apartment and had made its way to the balcony. Well, that blocked these occupants exit " said firefighter Mark Delong

Firefighters had to use a ladder to rescue the five from a window Two people suffered minor smoke inhalation No one was hospitalized

defined core business processes

- *Committing adequate resources for staff development and training in the core business processes*

Role of the Quality and ESH Management Representatives — QMS and ESH coinciding require "top management" to appoint a member of the management team to act as the Management Representative. The management Representative must be empowered with the responsibility and authority for ensuring the following duties are being accomplished. They must:

- *Verify that corporate sourced are established, implemented and maintained*
- *Report the performance of the QMS and ESH, and any need for improvement to top management*
- *Promote the awareness of customer requirements throughout the organization*

Role of all Employees — Since everyone in the organization is actively involved in the development, implementation, and maintenance of the QMS and ESH employee responsibilities include:

- *Performing their job in accordance with the General Dynamics IT processes*
- *Cooperating with and participating in the audit process, as required*
- *Volunteering to continual maintenance of General Dynamics IT's core business processes*

defined system while continually looking for ways to improve. General Dynamics IT uses 4 basic levels of documentation for its business practices.

- The first level consists of corporate policies, including the Quality Manual that defines top level guidance for General Dynamics IT QEHS. The Quality Manual also defines the QEHS processes and provides a description of their interaction. Conformance with these policies allows us to carry out our primary mission: delivering quality products and services to our customers, while continually improving our processes. The policies and principles set forth in the manual and supporting documents describe how General Dynamics IT runs its business in a way that assures we consistently meet our customer's expectations and requirements, while complying with applicable laws and regulations including those needed to safeguard our employees, contractors, visitors, facilities, and the environment at all company locations.
- Procedures represent the 2nd level of documentation and establish high-level requirements for various functional areas (e.g. HR, QMS, ERS, Finance, Legal, etc.). Documented procedures are one method that General Dynamics IT uses to ensure that its processes are implemented in a consistent and repeatable manner.
- Instructions (often referred to as work or desktop instructions) are the 3rd level of documentation and provide the "how to" steps to complete certain tasks.
- Records represent the final level of documentation and serve as the objective evidence that a process or requirement has been followed.

Commitment to Quality the Environment, and Safety

The General Dynamics IT president has approved the Quality and Environmental, Health and Safety policy that defines General Dynamics IT's QEHS business policy. To facilitate employee understanding of the policy, it is available on individual-sized badges.

> "General Dynamics IT is committed to developing, implementing, and maintaining effective programs and procedures to provide the best value products and services to our customers.
>
> General Dynamics IT is dedicated to preventing pollution, safeguarding our employees, contractors, visitors, facilities, and the environment at all company locations, by complying with applicable legislation, regulations, and other requirements.
>
> General Dynamics IT accomplishes this through the attainment of defined goals and by setting measurable objectives and targets designed to promote continual improvement."

How Employees Make a Difference

Every employee has responsibility to understand and follow processes that pertain to their work and to identify opportunities for improvement. If any employee has an idea for improvement, they should talk to their supervisor or Quality Management Representative. They should also consider writing a Process Improvement Request

release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum

It is a long established fact that a reader will be distracted by the readable content of a page when looking at its layout The point of using Lorem Ipsum is that it has a more-or-less normal distribution of letters, as opposed to using 'Content here, content here', making it look like readable English. Many desktop publishing packages and web page editors now use Lorem Ipsum as their default model text, and a search for 'lorem ipsum' will uncover many web sites still in their infancy. Various versions have evolved over the years, sometimes by accident, sometimes on purpose (injected humour and the like)

Contrary to popular belief, Lorem Ipsum is not simply random text. It has roots in a piece of classical Latin literature from 45 BC, making it over 2000 years old. Richard McClintock, a Latin professor at Hampden-Sydney College in Virginia, looked up one of the more obscure Latin words, consectetur, from a Lorem Ipsum passage, and going through the cites of the word in classical literature, discovered the undoubtable source Lorem Ipsum comes from sections 1.10.32 and 1.10.33 of "de Finibus Bonorum et Malorum" (The Extremes of Good and Evil) by Cicero, written in 45 BC This book is a treatise on the theory of ethics, very popular during the Renaissance. The first line of Lorem Ipsum, "Lorem ipsum dolor sit amet ", comes from a line in section 1 10.32

The standard chunk of Lorem Ipsum used since the 1500s is reproduced below for those interested. Sections 1.10.32 and 1 10.33 from "de Finibus Bonorum et Malorum" by Cicero are also reproduced in their exact original form, accompanied by English versions from the 1914 translation by H Rackham.

HOW ARE WE DOING?

Dear Valued Customer:

Following today's service call, you may receive an email link to our customer satisfaction inquiry. We know how WE think we are doing, but what really matters is YOUR opinion. Please take a moment to follow the link and respond to the questionnaire. We value your opinion of our services and it will take less than one minute of your time to complete.

You will be asked to rate your service experience in twelve areas using a scale of 1 to 10, where (1) is very dissatisfied and (10) is very satisfied. Anything less than a perfect ten will be considered a failure and our goal is to consistently make your experience a TEN.

1. Efficiency of the dispatch process.
2. Technician making a satisfactory appointment time
3. Service response time
4. Arrival of the Field Service Engineer on time
5. Service Technician's competence
6. Courtesy and professionalism of the Field Service Engineer
7. Ability to carry out the work requested.
8. Clear communication on by Engineer regarding the process during the service call
9. Repair time on-site.
10. Problem was fixed on the first visit.
11. Please rate your overall satisfaction with Toshiba's Customer Support Team
12. Likelihood to continue to do business with Toshiba: Yes or No
13. Likelihood to recommend Toshiba to others: Yes or No
14. Please rate your overall satisfaction with Toshiba

Finally, would you like to be contacted by a Toshiba representative?

Shocking 'napalm girl' photo from Vietnam War turns 40

In this June 8, 1972 file photo, 9-year-old Kim Phuc, center, run down Route 1 near Trang Bang. (AP Photo/Nick Ut)

TRANG BANG, Vietnam (AP) – In the picture, the girl will always be 9 years old and wailing "Too hot! Too hot!" as she runs down the road away from her burning Vietnamese village.

She will always be naked after bombs of sticky napalm melted through her clothes and layers of skin like jellied lava.

She will always be a victim without a name.

It only took a second for Associated Press photographer Huynh Cong "Nick" Ut to snap the iconic black-and-white image 40 years ago. It continues to elicit the horrors of the Vietnam War in a way words could never describe, helping to end one of the most divisive wars in American history.

But beneath the photo lies a lesser-known story. It's the tale of a dying child brought together by chance with a young photographer. A moment captured in the chaos of war that would tie both her savior and her curse on a journey to understand life's plan for her.

"I really wanted to escape from that little girl," says Kim Phuc, now 49. "But it seems to me that the picture didn't let me go."

PHOTOS (?TAB=GALLERY&C=Y)

It was June 8, 1972, when Phuc heard the soldier's scream: "We have to run out of this place. They will bomb here, and we will be dead!"

Seconds later, she saw the tale of yellow and purple smoke bombs curling around the Cao Dai temple where her family had sheltered for three days as north and south Vietnamese forces fought for control of their village.

Hail Mary

Today begins the 90th Anniversary of the apparition of the Virgin of Fatima.

When you receive this email say a Hail Mary and ask for a special favor

"Hail Mary, full of grace. The Lord is with thee. Blessed art thou among women and blessed is the fruit of thy womb, Jesus. Holy Mary, Mother of God, pray for us sinners, now and at the hour of our death. Amen." (your request)

Please do not break the Novena , send it to 12 people you think deserve justice, peace, love, health, prosperity and truth. When you are down to nothing, God is up to something. This has been traveling since 5/13/07!

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and unplug power adapter from device and from wall outlet.
  - Let fax machine remain off for 60 seconds.
- Try a different phone cord between the fax machine and the Vonage device.
  - Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring.
- If using an All-in-One device, temporarily disconnect device from PC.

iMac G5 (iSight): Installing and replacing memory (RAM)

Last updated on: October 13, 2009 Article: 302506

iMac G5 (iSight) comes with a 512 MB DDR2 SDRAM module built into the logic board that can't be removed or replaced. It also has one additional RAM slot that can support up to 2 GB of memory (you can install a 512 MB, 1 GB, or 2 GB module in this slot). You must use a memory module (DIMM) that meets these criteria.

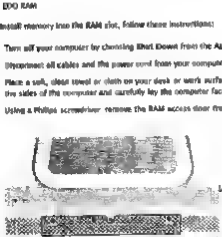
- PC2-4200
- unbuffered
- nonparity
- 240-pin
- 533 MHz
- DDR2 SDRAM

DIMMs that have any of the following features are not supported in the iMac G5 (iSight):

- registered or buffered
- PLL
- ECC
- parity
- EDO RAM

To install memory into the RAM slot, follow these instructions:

1. Turn off your computer by choosing Shut Down from the Apple menu.
2. Disconnect all cables and the power cord from your computer.
3. Place a soft, clean towel or cloth on your desk or work surface to prevent scratching the LCD display. Hold the sides of the computer and carefully lay the computer face down.
4. Using a Phillips screwdriver, remove the RAM access door from the bottom of the computer as shown below.



5. Inside the gap, locate and pull out the two hooks as shown. These hooks lower the DIMM if removed or make the DIMM connector accessible.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Amendment VI

In all criminal prosecutions the accused shall enjoy the right to a speedy and public trial, by an impartial jury of the State and district wherein the crime shall have been committed, which district shall have been previously ascertained by law, and to be informed of the nature and cause of the accusation; to be confronted with the witnesses against him; to have compulsory process for obtaining witnesses in his favor, and to have the Assistance of Counsel for his defence.

Amendment VII

In suits at common law where the value in controversy shall exceed twenty dollars, the right of trial by jury shall be preserved, and no fact tried by a jury shall be otherwise reexamined in any Court of the United States than according to the rules of the common law.

Amendment VIII

Excessive bail shall not be required, nor excessive fines imposed, nor cruel and unusual punishments inflicted.

Amendment IX

The enumeration in the Constitution, of certain rights, shall not be construed to deny or disparage others retained by the people.

Amendment X

The powers not delegated to the United States by the Constitution, nor prohibited by it to the States, are reserved to the States respectively, or to the people.

AMENDMENTS 11 27

Amendment XI

Passed by Congress March 4, 1794. Ratified February 7, 1795.

[Note: A portion of Article III, Section 2 of the Constitution was modified by the 11th Amendment.]

The Judicial power of the United States shall not be construed to extend to any suit in law or equity, commenced or prosecuted against one of the United States by Citizens of another State, or by Citizens or Subjects of any Foreign State.

Amendment XII

Passed by Congress December 9, 1803. Ratified June 15, 1804.

[Note: A portion of Article II, Section 1 of the Constitution was changed by the 12th Amendment.]

The Electors shall meet in their respective states, and vote by ballot for President and Vice-President, one of whom, at least, shall not be an inhabitant of the same state with themselves; they shall name in their ballots the person voted for as President, and in distinct ballots the person voted for as Vice-President, and they shall make distinct lists of all persons voted for as President, and of all persons voted for as Vice-President, and of the number of votes for each, which lists they shall sign and certify, and transmit, sealed, to the seat of the government of the United States, directed to the President of the Senate; the President of the Senate shall, in the presence of the Senate and House of Representatives, open all the certificates, and the votes shall then be counted;- The person having the greatest number of votes for President, shall be the President, if such number be a majority of the whole number of Electors appointed; and if no person have such majority, then from the persons having the highest numbers not exceeding three on the list of those voted for as President, the House of Representatives shall choose immediately, by ballot, the President. But in choosing the President, the votes shall be taken by states, the representation from each state having one vote; a quorum for this purpose shall consist of a member or members from two-thirds of the states, and a majority of all the states shall be necessary to a choice. [And if the House of Representatives shall not choose a President whenever the right of choice shall devolve upon them, before the fourth day of March next following, then the Vice President shall act as President, as in case of the death or other constitutional disability of the President.]* The person having the greatest number of votes as Vice-President, shall be the Vice-President, if such number be a majority of the whole number of Electors appointed, and if no person have a majority, then from the two highest numbers on the list, the Senate shall choose the Vice-President; a quorum for the purpose shall consist of two-thirds of the whole number of Senators, and a majority of the whole number shall be necessary to a choice. But no person constitutionally ineligible to the office of President shall be eligible to that of Vice-President of the United States.

*Superseded by Section 3 of the 20th Amendment.

SECTION 2

The President shall be Commander in Chief of the Army and Navy of the United States, and of the Militia of the several States when called into the actual Service of the United States; he may require the Opinion, in writing, of the principal Officer in each of the executive Departments, upon any Subject relating to the Duties of their respective Offices, and he shall have Power to grant Reprieves and Pardons for Offenses against the United States, except in Cases of Impeachment.

He shall have Power, by and with the Advice and Consent of the Senate, to make Treaties, provided two thirds of the Senators present concur; and he shall nominate, and by and with the Advice and Consent of the Senate shall appoint Ambassadors, other public Ministers and Consuls, Judges of the supreme Court, and all other Officers of the United States, whose Appointments are not herein otherwise provided for, and which shall be established by Law: but the Congress may by Law vest the Appointment of such inferior Officers, as they think proper, in the President alone, in the Courts of Law, or in the Heads of Departments.

The President shall have Power to fill up all Vacancies that may happen during the Recess of the Senate, by granting Commissions which shall expire at the End of their next Session.

SECTION 3

He shall from time to time give to the Congress Information of the State of the Union, and recommend to their Consideration such Measures as he shall judge necessary and expedient; he may, on extraordinary Occasions, convene both Houses, or either of them, and in Case of Disagreement between them, with Respect to the Time of Adjournment, he may adjourn them to such Time as he shall think proper; he shall receive Ambassadors and other public Ministers; he shall take Care that the Laws be faithfully executed, and shall Commission all the Officers of the United States.

SECTION 4

The President, Vice President and all civil Officers of the United States, shall be removed from Office on Impeachment for, and Conviction of, Treason, Bribery, or other high Crimes and Misdemeanors.

LIMITED FIVE-YEAR TRANSFERABLE WARRANTY

MESA/BOOGIE products are designed and constructed with the highest degree of craftsmanship, and are subject to a limited five year warranty. If for any reason you feel your MESA/BOOGIE product is not performing at its optimum level, please contact your dealer or MESA/BOOGIE directly. We will be happy to help you with any questions you may have regarding the operation of your MESA/BOOGIE product.

MESA/BOOGIE LTD. warrants that the internal amplifier circuitry you own purchased from us or from an authorized MESA/BOOGIE dealer will be free of defects in materials and workmanship for a period of five (5) years from the date of purchase. This limited warranty does not apply to any MESA/BOOGIE product that has been modified in any way, or that has been subjected to abuse, misuse, accident, neglect or improper service or maintenance. Damage to tubes caused by overloading the amplifier, failure to maintain adequate ventilation, or operation at voltages other than those for which the amplifier was designed is not covered by this limited warranty. Tubes are warranted for ninety (90) days from the date of purchase. Speakers are covered by the speaker manufacturer's warranty. Cosmetic damage is not covered by this warranty. Any implied warranties, including implied warranties of merchantability and fitness for a particular purpose, are limited in duration to the five year period specified above. Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you. This limited warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

MESA/BOOGIE LTD. shall not be liable for any incidental or consequential damages in connection with or arising out of the sale, use or performance of any MESA/BOOGIE product. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you.

To obtain warranty service, you must first contact your dealer and explain the problem. If your dealer is not able to help you, please contact MESA/BOOGIE LTD. directly. We will be happy to help you with any questions you may have regarding the operation of your MESA/BOOGIE product. If it is determined that your product requires factory service, you must obtain a Return Authorization Number from MESA/BOOGIE LTD. before returning the product. Please write the Return Authorization Number on the outside of the carton in which you return the product. Any product returned to the factory without a Return Authorization Number will be refused. You must also include a copy of your original bill of sale as proof of purchase. Please ship the product prepaid via United Parcel Service or Bay Parcel Post. We recommend that you insure the product for its value. MESA/BOOGIE LTD. will pay for the return shipping charges to any destination in the United States. Products returned to MESA/BOOGIE LTD. for warranty service from outside the United States must be accompanied by sufficient funds to cover all return shipping charges.

Most problems can be cured by sending the product back to the factory. If it is determined that your product is to be repaired under this warranty, it will be repaired and returned to you at no charge. If it is determined that your product is not to be repaired under this warranty, you will be notified of the cost of repair and the estimated time required to complete the repair. If you wish to have the product repaired, you must send us a written authorization to proceed. Please include your name, address and phone number with the authorization. Repairs are normally completed within two weeks of receipt of the product at the factory. However, during periods of heavy demand, repairs may take longer. Please write or call for current repair time estimates.

PLEASE DO NOT SEND ANY MESA/BOOGIE LTD. EQUIPMENT BACK TO MESA WITHOUT FIRST OBTAINING THE PROPER SHIPPING AND RETURN AUTHORIZATION NUMBER.

This warranty provides the first owner of the product with certain warranty coverage provided that the equipment owner can submit (1) proof that the product was purchased from an authorized MESA/BOOGIE dealer within the United States of America, (2) a warranty card which is filled out and returned to MESA/BOOGIE LTD. within 21 days of purchase, and (3) a copy of the original sales receipt showing the date of purchase. Any warranty repair work performed by MESA/BOOGIE LTD. or by an authorized MESA/BOOGIE dealer will be warranted for the remainder of the original warranty period or for a minimum of ninety (90) days, whichever is longer. This warranty is transferable to subsequent owners, provided that the original owner can provide (1) proof that the product was purchased from an authorized MESA/BOOGIE dealer within the United States of America, (2) a copy of the original sales receipt showing the date of purchase, and (3) a letter of transfer signed by the original owner. The subsequent owner must also fill out a warranty card which will be sent to MESA/BOOGIE LTD. within 21 days of the transfer. Any warranty repair work performed by MESA/BOOGIE LTD. or by an authorized MESA/BOOGIE dealer will be warranted for the remainder of the original warranty period or for a minimum of ninety (90) days, whichever is longer. This warranty is transferable to subsequent owners, provided that the original owner can provide (1) proof that the product was purchased from an authorized MESA/BOOGIE dealer within the United States of America, (2) a copy of the original sales receipt showing the date of purchase, and (3) a letter of transfer signed by the original owner. Liberty Diversified Holdings Inc (LDHI) Enters the $40 Billion Weight Loss Market with Unique Health and Wellness Solution -- Better Bodies Wellness Centers.

Company: Liberty Diversified Holdings Inc.
Symbol: LDHLOB
Recent price: 0.004

A Solution for Today's Most Salient Problem...

The problem is obesity. There is no "one-fits-all" solution. The solution to each person's battle with obesity and wellness is as unique as the person himself.

One company is now emerging in the marketplace with an unparalleled personalized approach to weight loss and wellness – Better Bodies Wellness Centers – that could offer one of the most viable solutions to many fighting obesity as well as to those who strive to maintain a high level of fitness and wellness.

The company is Liberty Diversified Holdings Inc (LDHI OB) and it should be on your radar screen now.

About Liberty Diversified (LDHI.OB)

LDHI has derived an all-inclusive suite of products and services to be offered through its wholly-owned subsidiary Better Bodies Inc. which currently derives revenues from operating and licensing CelluBike locations in California, Nevada, Utah and Texas and from marketing CelluBike to Day Spas, Wellness Centers, Nutrition Centers and to celebrities.

The first wave of the plan is conversion of existing CelluBike locations into Better Bodies Wellness Centers. The second wave is nation-wide expansion and licensing.

Better Bodies Wellness Centers Will Offer ..

CelluBike -- CelluBike is a revolutionary product that combines the powerful fitness benefit of cardio-vascular exercise on a stationary exercycle with modern infrared heat technology. Repeated use of the CelluBike leads to increased weight loss, detoxification and the reduction of cellulite and inches.

Personalized Programs – By utilizing a proprietary non-invasive technology, combined with a state-of-the-art software program that has been developed over several years at a cost of more than $2,000,000, each client will receive a fast and accurate computer-generated assessment of their nutritional state and wellness needs. The report includes specific recommendations for nutritional supplements and/or weight loss products and services that are offered through the Center that specifically address those needs.

Serotrim® Weight Loss Drink – The Serotrim Weight Loss Diet includes the Serotrim® Weight Loss Drink, a patented appetite control beverage backed by years of scientific research and clinical trials and described in the newly released book "The Serotrim Power Diet" by Dr. Judith Wurtman, for which Liberty also has co-publishing rights.

Nutritional Supplements -- The Centers will offer a specialized line of 18 high quality health and nutritional supplements that support all aspects of general health, with special emphasis on detoxification, anti-oxidant protection, anti-aging and support for specific bodily functions and systems.

2007 Financial Outlook. .

In a press release dated March 9, LDHI's CEO Ron Touchard discussed the 2007 financial outlook for the company, "... for fiscal year 2007 we expect to generate approximately $4.3 million in sales and close to $1 million in profit from our currently existing stores. This does not include anticipated revenues from expansion of company stores into new locations and from new licensed affiliates, both of which we intend to pursue aggressively beginning 2nd or 3rd quarter of this year. Also, in addition to marketing Serotrim® and our other nutritional products through Better Bodies Wellness Centers, we also plan to market them through retail channels and various other means. We believe that each of these operations could potentially generate an additional revenue stream that could be at least as lucrative as that generated by the Wellness Centers."

Opportunity Assessment...

LDHI is an aggressive company focused on growth and diversification through acquisitions, mergers and joint ventures in all areas of health, wellness and fitness. With the introduction of Better Bodies Wellness Centers, LDHI is poised to gain a significant percentage of market share in the burgeoning multi-billion dollar industries of health, wellness, weight loss and fitness. Don't delay. Consult your investment advisor about this opportunity today.

SECTION 2

The President shall be Commander in Chief of the Army and Navy of the United States, and of the Militia of the several States when called into the actual Service of the United States; he may require the Opinion in writing of the principal Officer in each of the executive Departments, upon any Subject relating to the Duties of their respective Offices, and he shall have Power to grant Reprieves and Pardons for Offenses against the United States, except in Cases of Impeachment.

He shall have Power, by and with the Advice and Consent of the Senate, to make Treaties, provided two thirds of the Senators present concur; and he shall nominate, and by and with the Advice and Consent of the Senate, shall appoint Ambassadors, other public Ministers and Consuls, Judges of the supreme Court, and all other Officers of the United States, whose Appointments are not herein otherwise provided for, and which shall be established by Law: but the Congress may by Law vest the Appointment of such inferior Officers, as they think proper, in the President alone, in the Courts of Law, or in the Heads of Departments.

The President shall have Power to fill up all Vacancies that may happen during the Recess of the Senate, by granting Commissions which shall expire at the End of their next Session.

SECTION 3

He shall from time to time give to the Congress Information of the State of the Union, and recommend to their Consideration such Measures as he shall judge necessary and expedient; he may, on extraordinary Occasions, convene both Houses, or either of them, and in Case of Disagreement between them, with Respect to the Time of Adjournment, he may adjourn them to such Time as he shall think proper; he shall receive Ambassadors and other public Ministers; he shall take Care that the Laws be faithfully executed, and shall Commission all the Officers of the United States.

SECTION 4

The President, Vice President and all civil Officers of the United States, shall be removed from Office on Impeachment for, and Conviction of, Treason, Bribery, or other high Crimes and Misdemeanors.

Hello World

The chart below indicates who is involved in the various performance evaluations:

	EVALUATION		
EVALUATING	CHAIRMAN OF THE BOARD	CHAIR OF THE CORPORATE GOVERNANCE COMMITTEE	NON-MANAGEMENT DIRECTORS
Board performance	✓		✓
Committee performance			Members of the individual committees
Chairman of the Board's performance			✓
Committee Chairs' performance			Members of the individual committees
Individual director performance (including self-assessments)	✓	✓	✓

Each year, all members of the board complete a detailed governance self-assessment questionnaire, the content of which is determined by the corporate governance committee. The results are summarized by the Assistant Corporate Secretary who keeps the knowledge of who said what strictly confidential to encourage full and frank commentary on all aspects of the board's operations. Once this summary report is complete, the chair of the corporate governance committee:

- Reviews the results with the chairman of the board
- Provides the board with the committee's findings and recommendations, as well as a summary of the survey results
- Meets, along with the chairman of the board, with each individual director to discuss his or her views on the board's effectiveness, the performance of each board committee, his or her own performance, the board's orientation and education program, and any other issues relating to board effectiveness. Each director is given an opportunity to comment on the performance of his or her peers. The chairman of the board also participates in these meetings, although he is excused for a portion of each meeting to give each director an opportunity to comment on the chairman's performance.

As part of the annual governance questionnaire, each director assesses the board against the responsibilities set out in its mandate. Similarly, the members of each committee do the same against the relevant committee charter. Directors also assess the chairman's performance. They may comment on their access to him, and on the manner in which he conducts board meetings. The board assessment process provides an opportunity for directors to comment on management performance, as well as their access to and communication with senior management.

In addition to providing valuable information on where the board needs to focus effort to improve its performance, the process encourages discussion of new corporate governance and education initiatives. The chair of the corporate governance committee is required to develop a process, through the chairman of the board, to monitor the board's progress in addressing issues identified in the board's self-assessments. The activities working with other committee chairs, as required to follow up on matters raised and take actions as required. With the consent of the chairman of the board, the President and CEO may provide feedback to senior management on topics discussed. In 2013, the annual assessment process results confirmed that the board and committees were performing well.

Senior Executive Management Performance

The board believes that a successful governance structure at the bank depends heavily on honest, skilled and industrious management. The board is responsible for hiring, retaining and, if necessary, dismissing and replacing the President and CEO. The board has numerous opportunities throughout the year, both formally and informally to interact with high potential senior officers through their participation on board and committee meetings, informal seminars, board dinners and offsite board meetings. The human resources committee, which may not include any current chief executive officers of other public companies, oversees mandates that outline roles and responsibilities for all executive management positions including the President and CEO. The executive and risk committee also approves the mandate for the bank's Chief Risk Officer and the audit and conduct review committee approves the mandate for the bank's Chief Financial Officer, Chief Auditor and Chief Compliance and Regulatory Officer. Each year, the committee measures the President and CEO's performance against his mandate and predetermined short- and long-term objectives. The board reviews this assessment and the assessments of the performance of other executive officers that are included in the committee's report on executive compensation in the management proxy circular.

Ethical Business Conduct

Scotiabank's Guidelines for Business Conduct serve as the bank's code of ethics – a framework for ethical behavior based on the bank's mission and values and on applicable laws and regulations. They were last revised and approved by the board in October 2013. They apply to all directors, officers and employees of the bank and its subsidiaries.

Every new bank employee is required to review the guidelines before beginning work. Every year, each director, officer and employee of the bank is required to provide written confirmation that he or she has reread the guidelines and has complied with them during that fiscal year.

Re: Notice of Levy of Emergency Special Assessment
Notice of First Payment of Emergency Special Assessment

Dear Member:

This firm is legal counsel to the Cape West III Homeowners Association. At a properly noticed meeting of the Board of Directors of the Association held on October 27, 2015, the Board adopted the enclosed Resolution and Findings in support of an emergency special assessment in the sum of $3,084.00 to fund the further repairs of damage caused by the broken common area water supply line on July 27, 2015 and to repay the Association's reserve fund the monies borrowed from the reserve fund to pay emergency expenses incurred to date to address the property damage caused by the broken common area water main. This emergency special assessment shall be payable in four (4) equal monthly installments of $921.00 each. The Resolution and the referenced emergency special assessment were adopted pursuant to Civil Code Section 5610.

Pursuant to Civil Code Section 5615, this letter constitutes written notice that the first installment of the emergency special assessment shall be due and payable on December 4, 2015. The three remaining installments shall be due on January 4, 2016, February 4, 2016 and March 4, 2016.

The Board of Directors is aware that this assessment will be a substantial hardship to all the members and is doing everything in its power to recover funds from the Department of Water and Power and the Association's property insurance policy. However, these funds will not be recoverable within a time frame that would allow the Association to avoid the assessment. If that situation changes, the Board will take appropriate steps to modify or rescind this special assessment.

DWP SAID THAT THEY WOULD

If you have a homeowners insurance policy on your home, please tender the letter and attached resolution to your insurance carrier because you may have Loss Assessment Coverage which may pay this assessment on your behalf.

Please be advised that if you do not pay the emergency special assessment as indicated in this letter, the Association will have no choice but to institute collection activities against you because there will be a shortfall in the Association's ability to pay its obligations unless every member pays their share. If you have any questions regarding this matter, please feel free to contact the undersigned.

"I wonder if they are just charging $ 911 a month – and not everyone does – since I've treated differently."

Very truly yours,

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855 330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero. this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

This entry is filed under Fax Machines.

WARNING

Plastic bags are used in the packing of your machine. Plastic bags are not toys. To avoid the danger of suffocation, keep these bags away from baby or pet. Do not throw away or dispose of them carelessly.

NOTE

- Save all packing materials and the box in case for any reason you must ship your machine.
- You need to purchase the correct interface cable for the interface you want to use (for example, USB or Ethernet).

USB cable

We recommend using a USB 2.0 (Type A/B) cable that is no longer than 2 meters (6 feet) long.

Network cable

Use a straight-through category (or greater) twisted-pair cable for 10BASE-T or 100BASE-TX Fast Ethernet Network.

Re: 510(k) K120552

Dear Mr Kelly

FDA's 510(k) Premarket Notification website[1] indicates that you or some other person binding Biocosmetics Laboratories included a "Statement" as part of the 510(k) submission for the "Air Lift/Xerostom" Artificial Saliva that was cleared June 6, 2012. (See Attachment 1).

Pursuant to 21 CFR 807 93, and the certification that the submitter provided in the above referenced premarket notification submission, please provide to me within 30 days a duplicate of the above-referenced premarket notification submission, including any adverse safety information You may exclude all patient identifiers, and trade secret and confidential commercial information, as defined in 21 CFR 20 61, but the device ingredients would not be deemed to be trade secret and confidential commercial

Please contact at me at the phone number below if you would prefer to provide the submission copy by email Otherwise a hard copy via the USPS or overnight courier will suffice Thank you

Sincerely

H. Carl Jenkins

Severability of interests The inability of one insured to receive coverage, because of a misrepresentation in the insurance application, does not affect another insured who has complied with the terms and conditions of the policy. This provision is important in any insurance policy where more than one individual or entity is an insured.

Deductibles, Limits, and Renewals

D&O policies are normally written with a single aggregate limit that applies to all losses paid under either of the two insuring agreements (individual coverage and reimbursement of the corporation for indemnity payments made to officers and directors). Separate deductibles apply to each officer and director that is named in a claim, and an overall deductible applies to all claims against individuals. Corporate reimbursement is subject to a separate per loss deductible. Some policies are also written with a co-payment feature, typically 5 percent of the loss above the deductibles.

When the insurer cancels coverage or declines to offer a renewal of a policy on its anniversary, the insured must decide whether to purchase an extended reporting extension to provide coverage for past acts that will not be insured by a replacement policy due to the retroactive date. These **tail provisions** give directors and officers the right to report claims after the policy expires or is canceled, but they do not increase or reinstate the limits. Extended reporting periods from one year to five years have been offered by underwriters, depending upon the relationship with the insured corporation and the circumstances of the cancellation. Most policies also include a provision that allows the insured to report a potential claim where acts or omissions result in an incident that is likely to result in a future claim.

Tail provisions These provisions allow the reporting of a claim after the policy period expired as long as the event resulting in the claim occurred during the policy period. You should attempt to negotiate the extended reporting period before purchasing the coverage.

Set of 2 Stainless Steel Trash Cans
ITM/ART 612572
Use and Care Instructions

CARE INSTRUCTIONS FOR THE STAINLESS STEEL BODY

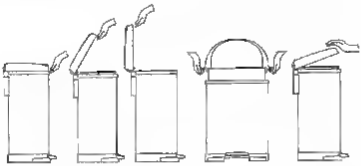
- The stainless steel surface has been coated with a protective sealer to minimize fingerprints
- To clean: wipe gently with a soft cloth or use a quality stainless steel cleaner. Follow instructions that come with the stainless steel cleaner
- Do NOT use any abrasives
- Over time, the protective sealer may come off

CARE INSTRUCTIONS FOR THE INNER BUCKET

- Clean the removable bucket with a mild cleanser and a soft cloth or sponge
- Rinse and wipe dry with a soft cloth
- Do not use abrasive cleansers or a metal scouring pad as it may mar the surface

USE INSTRUCTIONS

- Features stay-open lid for removing the inner bucket (13.2gal/50L only)



- To place the lid in the stay open position for longer tasks: lift the lid to the full upright position (90 degree angle) by hand and then push down on the lid to close.
- Do not lift the lid to the upright position if stepping on the foot pedal to avoid damaging the opening mechanism
- The foot pedal is for hands-free opening only
- An oil damper system controls the lid closing speed for a soft, safe close. (13.2gal / 50 L only)

CAUTION: KEEP HANDS AWAY FROM THE LID WHEN CLOSING.

programs such as the Arthritis Self-Management Program. Patient-oriented information is available online from the Arthritis Foundation and the ACR.

For patients with OA, realistic goals should be discussed at the visit, especially when initiating a pharmacologic agent, monitoring safety issues, and assessing functional status and pain levels. Relevant information should be provided on the expected effectiveness and time to optimal response of the prescribed treatment regimen. Adverse events and methods to prevent these issues should be addressed with medication initiation. Patients should be educated on reducing the risk of a ... For example, an overweight or obese patient should be encouraged to reduce body weight by at least 5% ... programs improve pain modestly if monthly telephone visits are conducted to review goals and achieve ... (Allen 2010). In addition, periodic visits or telephone calls for social support can improve pain and functional status without significant cost (Weinberger 1993).

Medication Therapy Management

Clinical trials have not assessed the impact of adding a pharmacist to the osteoarthritis management team. However, ... the pharmacist can be an integral member of the health care team and have an expanded role in ... management within the patient-centered medical home. Moreover, pharmacists can play an important role in screening or identifying patients with possible OA, providing interventions to ensure adequate prescribing, and educating on the prescribed pharmacologic regimen. Pharmacists can assist with creating a complete medication list to improve patients' understanding of their regimens. Strategies can be emphasized or developed to help patients understand the importance of adhering to prescribed medications and administering them appropriately (e.g., around-the-clock). All patients should have access to experts in arthritis management or rheumatologists.

Conclusion

Osteoarthritis requires an effective and patient-centered therapeutic plan to improve functional status, reduce OA-associated disabilities, and improve HRQOL. Guidelines have recently been published to guide therapeutic plans for patients with OA, but these guidelines are intended to supplement, not replace, clinical judgment. Individualized nonpharmacologic therapy should be recommended for all patients. Pharmacotherapy is effective in symptom control and improved function in most patients with OA, particularly early in the disease course; however, currently available pharmacologic treatments do not modify disease progression. Patient engagement, together with the involvement of their family members or caregivers when possible, is crucial to achieving optimal outcomes for patients with OA.

ATI Capstone Content Review: Tips of the Week: Week 1

Understanding the difference between ATI Assessments and your Unit Exams:

In nursing school we have been given exams named "Proctorme" here at our university named from the specific material from classroom lectures presented to us (i.e., content, reading skills, labs, clinical, etc). Your score was based on the 100% scale & you were probably expected to score anywhere from around 75% to 100% over that unit, in order to pass.

Now – there is NO 'P' Value associated with these assessments, there is no 'pass' or 'fail' (more about 'testing anxiety' later in this program). In fact most of my classmates always said that studying was tough because students are expected to learn and do well on a multitude of topics every 2 weeks! I learn differently – each person has a different focus & even different study & test taking habits, based on their focus.

The areas where ATI assessments become unique, and recommended, are used to "measure" what you know in comparison to the exit exam, AKA the NCLEX-RN exam! These tests were scored with a standard on the 100% scale – not looked at in this same way as your personal exam. It would be totally unreasonable to expect you to score 75-100% on these assessments as they are never even close. Individual research has determined that a safe passing score, in the 65% range on the ATI assessments, do vary with each other, with regards. Scores below 60% are an indicator that additional review could be beneficial to your continuing.

So – when you take the ATI assessments – think of them as a means to identify areas that you emphasize on your exit exam and, ultimately, NCLEX. In that vein, can review for these through the use of your textbooks? I have used them as well as my friends' textbooks/school provided materials. This is also where the tips and strategies that I will be sending you weekly will help you.

Laboratory Values

While lab values vary slightly according to the source, knowing the average ranges for the following common lab tests will be very helpful in both test taking questions and clinical decision-making questions.

Sodium 136-145 mEq/L

Potassium 3.5-5.0 mEq/L

Total Calcium 9.0-10.5 mg/dl

Magnesium 1.3-2.1 mg/dl

Phosphorus 3.0 -4.5 mg/dl

BUN 10-20 mg/dL

Creatinine 0.6-1.2 mg/dL males, 0.5-1.1 mg/dL females

Glucose 70-110 mg/dl

★★★★★ **Install fix for an otherwise great modem** May 29, 2013

By **pdirt**

This review is from: CenturyLink ActionTec C1000A Wireless-N VDSL2 Modem / Router (Electronics)

Update: This comment refers to Firmware version: CAC881 31 30L.B. There is a newer firmware version available circa November 2014. Perhaps this new firmware fixes the below issues, as at least one commenter to this review says it does. Upgrade to the new firmware by going into your router's management page and go to Utilities>Upgrade Firmware.

We've had two of these C1000A's, both with the same problem. Now out of the box they install easily, but once you've entered PPP username and pw into the router's config setup, it gets stuck there. You can't change it. So if you've moved to a new DSL service/account or have bought this used, you can't update it to match your new info. I spent nearly 2 hours with CenturyLink tech support and finally got to the bottom of the issue between both my and their troubleshooting.

To erase and be able to update PPP login info
(Worked for my CenturyLink account, YMMV)

* Go to router's config page (192.168.0.1)
* Go to "Utilities"
* On left menu, choose "Restore Default" then click "Restore Modem to Factory Default State"
(note: hard reset with the reset button on the back did not work for me. It reset everything but PPP username/pw)
* Wait for modem to reboot
* Go to "Advanced Setup"
* On left menu, choose "WAN Settings". Then verify:
* ISP Protocol is "auto select" and Protocol Selected is "PPPoE"
* Enter your PPP username and password as given to you from your ISP
* Verify or choose enable for "PPP Auto Connect" and disable for "PPP Credentials Not Required"
* IP Addressing Type should be "Dynamic IP" and DNS Type should be "Dynamic DNS"
* Click Apply

Your PPP settings should now be saved and stick!

If now your config menu says "connected to DSL" and "not connected to Internet" try these two things:

* Wait 5 minutes and see if the Internet light on the modem turns green, if not then try:

To compile pcapsipdump under solaris10, you need
- gcc3
- libpcap

both can be installed from blastwave (http://www.blastwave.org/howto.html) like this
# pkgadd -d http://www.blastwave.org/pkg_get.pkg
# ei /opt/csw/etc/pkg-get.conf (optional)
# /opt/csw/bin/pkg-get -i wget
# /opt/csw/bin/pkg-get -i gcc3g++
# /opt/csw/bin/pkg-get -i libpcap

When pre-requirements are met  just untar source and issue:
# make CC=/opt/csw/gcc3/bin/gcc LDFLAGS="-lsl -lsocket"
# make install

THIS IS A TEST FAX

Introduction

This document will assist you in testing your HP Fax machine using the HP Fax Test Service

Print this document for easy reference by clicking the **Printable Version** link in the upper right corner of the page

Test your fax machine

To test the capability of your fax machine follow the directions below

1. Send a one page black and white text fax to **1-888-hpfaxme** (1-888-473-2963)
2. When your fax is received by the HP Test Fax Service we will generate a return fax to you within five minutes confirming that we received your fax. This verifies that you can both send and receive a fax with your fax machine.

If you do not receive a return fax within 5-7 minutes there may be a problem with the setup of your fax machine. Consult the user manual that came with the product for proper setup and configuration.

You can fax something interesting to 1-888-877-1655 (your boss will never notice ... maybe) or 1-503-200-1300 (long distance to Portland, Oregon) and it should appear here within a couple of minutes. (It's a toll-free number if you're in the USA.) Keep it clean & legal.

Fax single-page documents with no cover sheet. If you fax more than one page, only the last page will appear here. We try to snip off the top few pixels of the page where your company name and fax number should appear, but make no promises that this will actually work.

Get an e-mail alert when FaxToy receives a new fax:

You have a very LOW review rating on medical related websites. This is usually because computers will do everything they can to ruin your online reputation and drive away any potential clients who search for your name online.

We can improve your online reputation by posting positive reviews on major review sites and increase your general rating on sites like healthgrades.com vitals.com or doctorscarecard.com

Having positive reviews on major review sites will drive more patients to choose you as their doctor and will make your name stand up from all of the other competitors.

Our services include

-Improving your reputation by posting good reviews;

-Suppressing negative reviews or other links that might damage your reputation, with positive ones which you can control.

-Increasing your online popularity by creating websites and offering SEO (Search Engine Optimization) services

[illegible]ture off printer

2: With st pressing down stop/reset button (centered between the green circle a circle) press the power button and hold down stop reset button until power light comes on, continue to hold down center button and release stop reset button

3. Continue to hold down power button and press stop/reset button 5 times. Each time light will toggle on and off as you do this.

4. Release all buttons, printer has now entered service mode of operation

5 6 Turn off / on

7 Printer initial will show some data and will print out a page of pages

8. Once that is complete turn the printer off wait a few seconds and turn it back on and you have a new in business

---

You're welcome. It's 250 or 270 sensor, but it worked on my 260 as well. I had the same error (E7-00) and the PGI5 wasn't playing the game. The link of button (2-10) didn't work for mine. When you initially press the reset button twice at the beginning and then on the 3rd button hold down only briefly, the next button release is long enough to work. It took me 1 hr 1 while, but I did with no. Then followed green and the green. Hope it helps

Everybody's Talking

Mary sisters Rose Doty had it unjust in 2006, and as a result, developed a rare condition called hypersomnia syndrome. The Canadian woman from Ontario fell onward from the strains, but when family members heard her speak, they realized she'd gained the accent of the Canadian province of Newfoundland. "Nobody can believe that the oddity and interesting that the way she spoke was a heavy case of malaise. It is Newfoundland accent at night," says Newfoundlander Swayne, one of the whole cases. There are only 20 cases of confirmed foreign accent syndrome around the world. Doty doesn't focus on her uniqueness. She says she's just glad she has her speech.

Bee stings: The cops could try to make a stop, or the bees could do their own stinging, but either way, the thieves will probably get away with stealing 23 beehives from a beekeeper near Calgary, Alberta. The victim is Terry Gretkiewz, who has been making bees all of his life. He says once the bugs of bees are transferred to new containers, it's impossible to identify them, so the bees, worth about $7,000 are probably gone for good. "The theft of the bees is like stealing someone's cattle or sheep," says Gretkiewz. Many beekeepers have lost up to 80 percent of their bees due to cold weather and mites, which is motivation for the theft, Gretkiewz says.

Not a good kitten: A catfish in a canal in Rotterdam learned the hard way that it's not a good idea to try to eat a soccer ball for lunch. The 6 1/2 ft long fish was found dead floating on the surface of a canal with a blue and white soccer ball stuck in its mouth. It appeared to have choked to death, Karl-Heinz Rehrlein, a spokesperson for the police said the fish looked like it had tried to eat the soccer ball when it became lodged in his mouth. Catfish normally eat things like algae and insects.

Animal escapes: When a giraffe kicked a hole in their cage, animals from a travelling Dutch circus quickly made their escape. Fifteen camels, two zebras, and some llamas and pothellied pigs were on the run for a number of hours near Amsterdam. The animals stuck together and wandered through a neighborhood after their break out at 5:30 a.m., but by noon in the day they had all been rounded up. Arnout Aben, a spokesperson for the police, said some folks in the area where the animals wandered out. "Just was not a good idea, Aben said, although he added the animals were lame, so nobody got hurt.

Информационное сообщение о проведении соревнований «Bubble Baba Challenge – 2018»

Уважаемый Александр Николаевич!

Информируем Вас о проведении 10-х юбилейных соревнований по плаванию «Bubble Baba Challenge – 2018». Соревнования планируется провести на пос. Лосево 18 августа 2018 года.

Соревнования направлены на привлечение молодёжи и студентов к активному и здоровому образу жизни. Основные участники соревнований – юноши и девушки 20-25 лет с активной жизненной позицией, ведущие спортивный образ жизни. Соревнования всегда проходят в тёплой дружественной атмосфере, чрезвычайных ситуаций и нарушений общественного порядка во время предыдущих соревнований не зафиксировано. Многие приезжают семьями, с детьми.

Соревнования традиционно привлекают участников и зрителей со всего Северо-западного региона, а также из многих городов России и из других стран. На соревнованиях присутствуют иностранные журналисты, в том числе и зарубежные. Большинство участников и гостей соревнований останавливается в расположенных неподалёку от Лосево гостиницах и кемпингах, что, несомненно, способствует развитию туризма в Приозерском района.

В 2012-2017 годах Администрацией МО «Приозерский муниципальный район» проведение соревнований было запрещено под предлогом проведения строительных работ в п. Лосево. Надеемся, что поскольку строительные работы завершены (проведение водного фестиваля «Вукса» и многочисленных водных соревнований — лучшее тому подтверждение), Администрация разрешит проведение соревнований «Bubble Baba Challenge – 2018».

Со своей стороны организаторы гарантируют:

- уборку и вывоз мусора (по договорённости с МП «Приозерское районное агентство социально-бытовых услуг»)
- обеспечение участников и гостей биотуалетами (по договорённости с ООО «Биомология»)
- имеющуюся медицинскую помощь участникам соревнований,
- организацию средств спасения на воде (спасательные жилеты участникам, рафты и катера со спасателями на воде);
- соблюдение мер пожарной безопасности (открытый огонь исключён)
- привлечение сотрудников полиции для обеспечения безопасности.

Просим Вас дать разрешение на проведение соревнований. Надеемся, что многолетнее успешное сотрудничество организаторов соревнований с Администрацией муниципального образования «Приозерский муниципальный район» а также с руководителями Ромашкинского и Петровского сельских поселений, и 2018 году будет успешным.

Организаторы соревнований готовы встретиться с представителями Администрации, а также с руководством сельских поселений в любое удобное время.

С уважением,

Naperville

Plug In to Choice

Dear Resident,

A change is coming to your electric service. As part of the Naperville Smart Grid Initiative (NSGI) representatives from the Department of Public Utilities-Electric are visiting homes and businesses in Naperville to replace electric meters with new smart meters. These digital meters are part of the NSGI, an upgrade of the City's electric infrastructure that will give you more information, options, choices and control in managing how and when you use electricity. Benefits for Naperville residents and businesses include greater service reliability, potential cost savings, a decreased environmental impact, and more choices.

City representatives and smart meter installation technicians will be visiting your home in the next several weeks. A community meeting will be held in your neighborhood from 7 to 9 p.m. on Wednesday, March 21, 2012 at Maplebrook Elementary School, 1630 Warbler Drive where you can learn more about the NSGI, smart meter installation and the benefits from this exciting initiative.

A new wireless meter alternative is available to customers who select this option and agree to pay for the one time cost of a non-standard smart meter with wireless functionality removed and a monthly cost to manually collect energy usage information for billing and utility operational purposes. For a customer that elects this option, the one time cost is $68.38 and the monthly cost is $24.76. If you are interested in this option, please contact Utility Analyst Bernie Saban at (630) 420-6135.

During your smart meter installation, your electricity will be disconnected for a short period of time. If special circumstances (such as medical equipment or other vital electrical equipment) make it necessary for you to be notified in advance of a power interruption, please call Utility Point of America (UPA), the City's meter installation contractor, at the number below to inform them of your needs. You will be contacted to set up a special appointment for your meter installation.

UPA has a customer care call center that is prepared to answer questions about your scheduled meter installation. UPA's customer care call center can be reached 24 hours a day, seven days a week at (877) 423-3194.

To learn more about the Naperville Smart Grid Initiative, visit www.naperville.il.us/smartgrid.aspx.

Sincerely,

Mark Curran
Director of Public Utilities-Electric

Buckwheat Zydeco

From Wikipedia, the free encyclopedia

Buckwheat Zydeco is the stage name of **Stanley Dural, Jr.** (born November 14, 1947), an American accordionist and zydeco musician. He is one of the few zydeco artists to achieve mainstream success. His music group is formally billed as **Buckwheat Zydeco and Ils Sas Partis Band**, but often they perform as merely *Buckwheat Zydeco*.

The *New York Times* says, "Stanley 'Buckwheat' Dural leads one of the best bands in America. A down-home and high-powered celebration...meaty and muscular with a fine-tuned sense of dynamics...propulsive rhythms, incendiary performances."[1] *USA Today* calls him "a zydeco trailblazer."[2]

Buckwheat Zydeco has performed with a large number of famous musicians from Eric Clepton (with whom Buckwheat also recordad) and U2 to The Boston Pops. The band performed at the closing ceremonies of the 1996 Summer Olympics to a worldwide audience of three billion people. Buckwheat performed for President Clinton twice, celebrating both of his inaugurations. The band has appeared on the *Late Show with David Letterman*, *CNN: The Today Show*, *MTV*, *NBC News*, *CBS Morning News*, National Public Radio's *Weekend Edition*

⚠ Important 911 Information

Ooma's service is different from traditional telephone service. Please read the following information carefully to understand how Ooma's 911 service differs from traditional telephone service.

Differences between traditional 911 service and Ooma 911

No matter how Ooma 911 service is set up, it will function differently than traditional 911 service. Some of the differences are described below. Please read them carefully and make sure you understand how Ooma 911 service works before relying on it.

Service may not work during any service interruption

Ooma phone service depends on power and your connection to the Internet. If there is a power outage, your Ooma service may not work until power is restored. If your Internet connection is not working, your Ooma service may not work until the Internet connection is restored. If your Internet service is suspended or terminated, your Ooma service may not work, including 911 calls. If your Ooma service is not working, you will not be able to make 911 calls. You should have an alternative way to call 911 in case your Ooma service is not working.

Service may not work if you move your Ooma device

Your Ooma device is designed to work only at the service address that you provide to Ooma during activation. If you move your Ooma device to a different location, your 911 service may not work properly. You must update your service address with Ooma before moving your Ooma device. Please see the section below titled "Keep your service address up to date" for more information.

Service may not work if you have certain other services or equipment

Your Ooma 911 service may not work properly if you have certain other services or equipment, such as a medical alert device, home security system, TTY device, fax machine, or dial-up Internet service. Ooma 911 service may not support these services or equipment. If you have any of these services or equipment, you should not rely on Ooma 911 service.

Limitation of Liability

Ooma's terms of service limit or disclaim liability as it relates to Ooma 911 service, so please read those carefully.

You should make other arrangements for 911 service

Due to the limitations of Ooma 911 service, please make sure you have other ways to call 911 in case your Ooma service is not working.

Please share this information with your family.

⚠ Safety Information

When using telephone equipment, including the Ooma Telo™ device, basic safety precautions should always be followed to reduce the risk of fire, electric shock, damage to equipment, and injury to people, including the following:

- Do not use the Ooma Telo device near water, for example, near a bathtub, wash bowl, kitchen sink or laundry tub, in a wet basement, near a swimming pool, or near a shower.
- Avoid using the Ooma Telo device during an electrical storm. There is a remote risk of electric shock from lightning.
- Use the Ooma Telo device only with the power cord and power supply provided.
- Do not place the Ooma Telo device in a location that may cause it to fall, or allow the power cord to be tripped over, since this could damage the device and cause serious injury to a child or adult.
- Do not overload power outlets and extension cords, as this can result in a fire or electric shock.

Let's Get Metaphysical About Trump and the 'Post-Truth Era'

The nature of truth is a difficult philosophical problem—but the president hasn't made it any harder

By Crispin Sartwell

May 5 2017

Occasionally metaphysics invades politics, to the surprise even of metaphysicians like me. In this "post truth era"—according, for example, to many of those who participated in the recent March for Science—the very nature of truth itself is at stake because of the Trump administration's "alternative facts" and the growth of "fake news."

In the Trump era, says celebrity physicist Neil deGrasse Tyson—who adds that this the most important thing he's ever said—people "have lost the ability to judge what is true and what is not." The Washington Post quotes Cara Santa Maria, a "science communicator" "The very idea of evidence and logic and reason is being threatened by individuals and interests with the power to do real harm."

The *New York Times*'s philosophy blog declares that "Trump stirs up confusion about the verosity of settled knowledge and, through sheer assertion, elevates falsehood to the status of truth." Meantime "We're here to talk about the truth," comedian Hasan Minhaj recently told the White House Correspondents' Association dinner. "It is 2017 and we are living in the golden age of lying."

The nature of truth may be the hardest philosophical problem. It may even be strictly insoluble, because many theories of truth might be true according to themselves, which doesn't mean they're true. The answers philosophers have given through the millennia have been as various and as mutually incompatible as could readily be imagined.

Truth has been held, among other things, to be the correspondence of what we say to reality; to be a matter of the ways a set of beliefs hang together; to be what we all agree about or would agree about in the long run, or to be, as William James said, "what works best in leading us" to solutions to our practical problems. Gigantic systems of metaphysics have been built on the foundation of truth—or on its dismissal as a delusory question, as trivial or redundant.

Whatever truth may be, politicians have often been dishonest in various respects, and many or even all regimes engage in propaganda and fabrication of various sorts. To people such as those quoted above, however, the current situation appears to be qualitatively new and different. The lies it seems to them are more thorough and destructive, coming from more authoritative sources, and the public is more gullible or vulnerable.

Philosophers may not know what truth is, but the sudden flourishing of alethiology in politics and media holds some lessons about what it is not. Let us take seriously for a moment the commonplace claim that left and right, or blue and red, live in "different realities"—each fed by different streams of information, each figuring out what to believe by feeling for the consensus of people they believe are like themselves.

Far from suggesting that the truth is a matter of coherence within a set of beliefs, or the way they hang together, this suggests that nobody on either side thinks that is true. Each side thinks the other side's version of reality is globally false, and that its own is globally true. That does not commit anyone to saying they are both right—

POZNAK LAW FIRM LTD

DOING BUSINESS AS A SOLE PROPRIETOR

The sole proprietorship is perhaps the most common form of business ownership. Conducting business as a sole proprietor has distinct advantages and disadvantages. You should be aware of these characteristics, as they can have a significant impact on your business. Please note that brief references appear in this article to corporations, another form of business ownership.

What is a sole proprietorship?

A sole proprietorship is an unincorporated business owned by one person (hence, the term sole). The owner of a sole proprietorship is known as a sole proprietor. If you conduct your business through a corporation, your business will not be a sole proprietorship. If you share ownership of your business with someone else, including your spouse, your business will not be a sole proprietorship.

The most important feature of a sole proprietorship is that the law makes no distinction between you, the sole proprietor, and your business. Virtually all the legal and tax consequences associated with sole proprietorships flow from this essential element.

As a sole proprietor, you can conduct business under your own name or under a trade name. For example, let's say I am a plumber. I can conduct business under my own name, Jim Poznak, Plumber. Or, I can conduct business under a trade name, such as EZ Flush. (Before using a trade name, you should read my article regarding trademarks, which appeared in the February, 1994, issue of Home and Small Business Reporter.) In either case--whether you conduct business under your own name or under a trade name--if you are the sole owner of an unincorporated business, your business will be a sole proprietorship, and you will be the sole proprietor.

A sole proprietorship can hire any number of employees. Because the law makes no distinction between you, the sole proprietor, and the business, you are not considered an employee. Sole proprietorships may also hire any number of independent contractors. (The difference between employees and independent contractors will be discussed in a future article.)

Whether you have zero or 100 employees (or independent contractors) makes no difference. If you are the sole owner, your business will still be a sole proprietorship.

Starting business as a sole proprietorship

Zucchini and Squash Au Gratin

added by BeMine Sweetie
Cook time: 30 Min

Ingredients

2 Tbsp butter
1 large zucchini
1 large squash
2 medium shallots, minced
1 tsp. garlic (fresh or jar)
1/2 c heavy cream
shredded cheese, just a handful to sprinkle
salt and pepper to taste
sprinkle of oregano
Parmesan cheese, to taste

Directions

1 Preheat your oven to 450 degrees

2 In a large skillet saute your shallots and garlic in your butter. Cook until shallots are translucent.

3 Add your zucchini, squash and heavy cream. Add your salt, pepper and Parmesan cheese.

4 Cook 8 to 10 minutes or until mixture is bubbly

5 Transfer to an oven safe baking dish and sprinkle with a little more parmesan and your shredded cheese.

6 Bake for 10 to 14 minutes or until mixture is bubbly and golden brown on top

You have to remove the bracket in front of the alternator first and the bolt that holds the a/c line to that bracket. There are 2 bolts on the front of the bracket and one on the side.

The alternator has 3 bolts holding it in place, the one by the a/c hose is a real pain. About all you can do is get the right extensions, push down a little on the a/c hose to loosen this bolt. You'll find a 6 point socket works the best. Some have said a universal joint would work better. I didn't try that.

Then you can move the alternator forward and undo one wiring harness. It a by the thermo outlet- you can see the one wire that you have to remove the nut at the back of the alt. It's going to have a rubber cover over it, it just unclips and a small nut that holds the thick battery wire. Then you have to turn the alternator and slide it past the fan shroud.

Note: The idler pulley and tensioner pulley are known to go bad and they are MUCH easier to replace now (and cheap) since you have things apart.

Make sure you disconnect the battery before you work on the Alternator and don't forget to turn the radio off first. If the radio is left on and the battery is disconnected...it s going to ask you for a radio code to reactivate the radio. Look in your Manual for the procedure to disconnecting the battery.

Good luck and this shouldn't take more then 1 1/2 hour to do with common tools from start to finish, including clean up time.

"Oh, I will, never fear." Miss Nicholl said. "And thanks again, a zillion, for the wonderful evening purse. I'll think of you every time I use it."

Miss Nicholl was going home by bus before she reached the bus stop, a vicious rain and an ugly wind attacked her. Such demonstrations worked evilly upon her spirit. As she fought through the elements, she talked to herself furiously, though her lips never moved.

"Well, that was a fine visit, I must say. A half-a-shaker of cocktails, and not even a cheese cracker. You'd think a person could do better than that, with all her money. And pushing me out in the pouring rain—never even suggesting staying to dinner. I suppose she's got a lot of her rich society friends coming, and I'm not good enough to associate with them. Not that I would have stayed, if she'd got down on her knees and begged me. I don't want anything to do with those people, thank you very much. I'd just be bored sick.

"And those faded flowers. And that awful Dellie, with never a smile out of her, no matter how democratic you try to be to her. The first thing I'd have, if I was rich, would be nice-mannered servants. You can always tell a lady by her servants' manners. And that little dog—acts to me as if it was drugged.

"And all those clothes, on all those hangers. Why it would make a girl twenty years old the rest of her life to wear half of them. Yes, and that's just who they're appropriate for, too—someone twenty years old. If there's anything I hate to see, it's a woman trying to keep young by dressing like a girl. Simply makes a laughing-stock of herself. And giving me that sequinned purse. What does she think I'm going to do with it, except stick it away in my bottom drawer? Because that's where it's going to go, with not even tissue paper around it—no, not even newspaper. Well, maybe I'll show it to Mabel first. It must have cost a million. Mabel will enjoy seeing it. Oh, my God, Mabel won't be home. My whole afternoon, just wasted.

"Yes, and the gorgeous Mrs. Hazelton is putting on weight, too. She must be five pounds heavier than she was last time. My, it will just kill her to get fat. Just absolutely finish her

NOTES

"Hello, I just called you a few seconds ago because there were people in my shed. Well, you don't have to worry about them now because I've just shot them all."

Then he hung up. Within five minutes an armed police car, an armed response unit, and an ambulance showed up. Of course, the police caught the burglars and handled

One of the policemen said to George, "I thought you said that you'd shot them all"

George said, "I thought you said there was nobody available!"
